U.S. Warns  
Khrush Away  
From West

Blistering Attack  
Reaffirms Text Of  
Monroe Doctrine

WASHINGTON (AP)—The United States denounced Soviet Premier Nikita Khrushchev in blistering language Thursday and warned him to stop trying to foist communism on the Western Hemisphere.

It accused Khrushchev of trying to supplant with a "Bolshevik doctrine" the historic Monroe Doctrine which guards Latin American republics against outside intervention.

In solemn words, approved by President Eisenhower, the State Department reaffirmed U.S. determination to uphold the 173-year-old Monroe Doctrine in the face of Khrushchev's rocket-rattling threats to intervene to help Cuba.

"This naked menace to world peace, brandished so callously by the Soviet leader, reveals the hypocrisy of his protestations in behalf of peace," the department said in a formal statement.

**Biting Indictment**  
The State Department's reply to comments Khrushchev made at a Kremlin news conference Tuesday added up to one of the most biting indictments leveled at him since the blow-up of the Paris summit conference in mid-May.

To back up what appeared to be a new tough-talk policy, the State Department called off civil aviation talks with the Soviet Union which are due to begin here Monday.

Khrushchev's newest barrage of threats and distortions, the department said, has worsened the international atmosphere to the point where there is no chance for an aviation agreement. A department spokesman said "a suitable time" for rescheduling the talks would depend on Moscow's future conduct.

The surprise collapse of the discussion came just as a Soviet delegation was about to leave Moscow, hoping to negotiate for direct Moscow-New York commercial air service by planes of both countries.

The State Department concentrated its 500-word comment mainly on Khrushchev's attack on the Monroe Doctrine.

**Denounces Base**  
In pledging to back Cuba in its dispute with the United States, Khrushchev denounced the American naval base at Guantanamo Bay as "sheer inequity."

"We consider that the Monroe Doctrine has outlived its time, has outlived itself, has died, so to say, a natural death," Khrushchev said.

Striking back at this, the department pictured Khrushchev as seeking to set himself up as a self-appointed judge of what international agreements are binding, even though the Soviet Union is not a party to them.

Jackson Will  
Head Campaign

LOS ANGELES (UPI)—Sen. Henry Jackson of Washington, passed over as a vice presidential choice, said Thursday he has been asked to serve as Democratic national chairman during the presidential campaign.

Jackson said he is seriously considering but has not yet made up his mind whether to accept the strategic job of succeeding present Chairman Paul M. Butler.

He told a news conference of the offer while Sen. John F. Kennedy was announcing selection of Sen. Lyndon B. Johnson as his running mate.

"I have been asked to consider the national chairmanship but I have not made a decision yet whether to accept," Jackson said.

Jackson, a 48-year-old bachelor attorney from Everett, Wash., said that if he accepts the chairmanship he would "probably consider it only on a limited-time basis."

Moscow Says  
Kennedy Forced  
To Fight Policy

LONDON (UPI)—Radio Moscow, in the first Soviet comment on Sen. John Kennedy's nomination, said Thursday that he was "forced" by public opinion to oppose present U.S. foreign policy.

Another Communist station, Radio Prague, brought up Kennedy's religion.

Moscow said the Democratic presidential candidate has spoken "in support of the arms race and the strengthening of NATO."

"Kennedy nevertheless was forced to reckon with the mood of the American public and condemn Washington's adventures and urge a reappraisal of the present course of U.S. foreign policy," it added.

Moscow ascribed the failure of some candidates to their cold war policy.

"One can not overlook the important fact that such public figures as Sens. Johnson and Stevenson—known as supporters of the present U.S. policy and participants of the 'cold war'—could not achieve nomination," the broadcast said.

But the commentator conceded that Adlai Stevenson "who voiced the sharpest criticism" of the Eisenhower administration's foreign policy, also failed to be named.

Prague Radio said "Kennedy is a fervent Catholic and the Vatican without doubt will be pleased with his nomination."

The Communist Czechoslovakian station said Kennedy was helped by a large-scale newspaper campaign and by the politicians.

"However, the U.S. public would have preferred a nomination of Adlai Stevenson, for this man would have been by far a stronger opponent to the Republicans," it added.

Winter Rains  
Halt The Mail

MONTEVIDEO, Uruguay (AP)—A cold winter rain hit Montevideo Wednesday and Uruguay's capital city got no mail deliveries.

Letter carriers struck for the day in protest against government delay in providing raincoats and rubbers. The post office department said it would supply the articles as soon as it got the money.

Predicted Doomsday Fails,  
Bianca Confesses Mistake

COURMAYEUR, Italy (AP)—Dr. Elio Bianca's predicted world-shattering cataclysmic blast fizzled Thursday and doomsday failed to arrive as he had forecast.

But the bearded Milan pediatrician took the reversal philosophically. "Anybody," he said, "can make a mistake."

"Be happy we were wrong," he told a crowd gathered at the salvation station halfway up Mt. Blanc, where Bianca and 100 followers had hoped to hole up while boiling seas, roiled by a "mercury bomb" explosion engulfed hapless mankind below.

Bianca had aroused people the world over with his prediction of a mystery blast that would tip the world on its axis and touch off a second deluge Thursday.

With 100 believers he set up a survival hut some 7,000 feet up Europe's tallest peak. There he and his followers, oblivious to the

Johnson Tapped For Veep Post

Sen. Lyndon B. Johnson, shown here with his family, smiling and waving following his defeat by Sen. John F. Kennedy for the Democratic presidential nomination, yesterday was tapped by Sen. Kennedy as his choice to be the vice presidential running mate in the critical 1960 campaign. Johnson said he

will accept the post. With him here as he addressed a caucus of their home state of Texas in Los Angeles are his wife, Lady Bird, left, and his daughters, Lucy, 14, and Linda, 16. Johnson added he will stump the country in an effort to win the November elections. (AP Photofax)

Ike, M'millan  
To Review U. S.,  
British Bases

NEWPORT, R.I. (AP)—President Eisenhower and Britain's Prime Minister Harold Macmillan have agreed to review the Anglo-American agreement on U.S. air bases in Britain, the White House announced Thursday.

The review is being made with a view toward making "any possible improvements in coordination," presidential press secretary James C. Hagerty said.

The announcement came against the background of the bitter dispute between the United States and Soviet Union over the Soviet's shooting down of an American reconnaissance plane in the Arctic July 1. But Hagerty said he wanted to point out that Eisenhower and Macmillan brought up the matter of Anglo-American review before that plane incident occurred.

Hagerty announced the review is being handled by the State Department and the British Embassy in Washington, that meetings already have been held on the matter there, "and these meetings will continue."

The RB47 reconnaissance plane the Russians shot down took off from a U. S. base in Britain. As a result the Soviet Union protested to Britain as well as to the United States in claiming the plane violated Soviet frontiers.

The United States has said flatly the plane did not violate Soviet frontiers.

Cancer Deaths High

LONDON (AP)—Deaths from lung cancer in England and Wales totaled 21,063 in 1959, an increase of 1,243 over 1958. Of these cases, 18,181 were men and 2,882 women. The figures are published in the registrar-general's report issued Thursday.

Catholics Increase

Congolese Leader  
Slapped In Face

LEOPOLDVILLE, Congo (AP)—Premier Patrice Lumumba was slapped in the face by an angry European at the airport here Thursday night as he and President Joseph Kasavubu were about to board a plane. Both were taunted by an angry European crowd.

The incident passed without major violence.

The pair then flew off to Stanleyville, where, some reports said, they might seek to set up a new Congo capital now that this capital is under Belgian troop control.

When they appeared at the airport, Lumumba and Kasavubu were booed by the European crowd.

"Murderer, traitor, raper," some shouted at them.

Then the crowd broke into shouts of, "To your knees, to your knees."

Lumumba remained serious but impassive and Kasavubu was silent as their Belgian pilot tried to pacify the crowd.

Break Off Denied

Reports that Lumumba had announced the breaking of diplomatic relations with Belgium were denied Thursday night by Lumumba's chief of cabinet.

An announcement that the Congolese government had broken relations with Belgium was made in the Belgian House of Representatives in Brussels.

The Congo awaited the arrival of U.N. forces scheduled to arrive by Saturday.

Speculation they might try to establish a new capital in Stanleyville raised the possibility of this split in the Congo: 1. Leopoldville under control of Belgian troops, 2. Elisabethville, capital of the rich Congo province of Katanga, where Premier-President Moise Tshombe has said he is seceding from the Congo and will rely on Belgian troops rather than U.N. forces, and 3. Stanleyville as possible headquarters for Lumumba and his government.

Bunche Expects Troops

U.N. Undersecretary Ralph J. Bunche said he expects troops to start arriving by Saturday and his announcement appeared to be generally welcomed. A consensus held that only a strong force under a U.N. banner can restore order.

Many Belgians expressed regret that there will be no American troops.

The slapping of Lumumba and the earlier honor guard snubbing by Lumumba and Kasavubu provided rare spectacles in international relations.

Belgian units took over this capital city Wednesday in the absence of Kasavubu and Lumumba, after a skirmish that freed

Convicted Slayer  
Freed From Prison

MARSEILLE, France (AP)—Gaston Dominici, 83, convicted of the senseless slaying of British wartime nutrition expert Sir Jack Drummond in 1952, was freed from prison Thursday. Fading in mind and body, the old peasant went to the farm of his daughter Rose, not far from where Drummond, his wife and daughter were shot and bludgeoned to death.

Dominici was sentenced in 1954 to die on the guillotine but the sentence was commuted to life imprisonment.

Ikeda Assumes  
Leadership Of  
Japanese Party

TOKYO (AP)—Hayato Ikeda, an able and respected administrator but a question mark as a diplomat, Thursday took over from Nobusuke Kishi leadership of a bitterly divided liberal-Democratic party and prepared to step in as premier too.

The transfer of command from Kishi to Ikeda, remembered for the tough anti-inflation program which laid the foundation of Japan's postwar industrial boom, assured continuation of the basically pro-Western policies of the Japanese government.

An attack on Kishi by a knife-wielding ultranationalist at a victory celebration for Ikeda shocked the nation and marred the relief with which most of the country, tired of the anti-Kishi violent riots, welcomed the changeover.

Kishi was stabbed six times in the left thigh by Taisuke Aramaki, 65, who told police he only wanted to injure Kishi, not kill him. The Premier was rushed to a hospital, where doctors took 30 stitches and predicted he would recover in 10 days.

Kishi, carrying out the first step of a promise made after seeing the new U.S.-Japan security pact come into force last month, resigned as president of the Liberal-Democratic party Thursday morning.

In a party convention which followed, Ikeda, 60, defeated Mitsojiro Ishii, candidate of an anti-Ikeda coalition, on the second ballot, 302-194.

Brother Bob  
Behind Scenes

CLEVELAND, Ohio (UPI)—Bob Kennedy will be the unofficial assistant President of the United States if his brother, Sen. John Kennedy, is elected to the White House. Louis B. Seltzer, editor of the Cleveland Press, predicted Thursday.

Seltzer, reporting in the Scripps-Howard newspapers from Los Angeles, said Bob Kennedy probably would never draw a federal salary while his brother is president. But the editor said it seemed certain that the younger brother would exert the most significant influence on "President Kennedy" of anyone surrounding him.

"It is upon Bobby Kennedy, more than any other persons, that the presidential aspirants lean most heavily," said Seltzer.

"Never in some 45 years of newspapering have I seen anyone quite like Bobby Kennedy," he added. "All over the country, in primary after primary, Bobby advised, counseled, warned, worked for his brother. It was a sacred mission."

The editor called Robert Kennedy's performance at Los Angeles "unmatched," and said observers believe the young strategist has "revolutionized and at the same time modernized politics as no other man in this century has done."

Says Not Surprised

MONTPELIER, Vt. (UPI)—Sen. George D. Aiken (R-Vt.) said Thursday Sen. John F. Kennedy's nomination "comes as no surprise" because the Massachusetts senator has been campaigning "for five years and the nomination is a culmination of his efforts."

"I've been tripping over his TV and radio cables for five years," said Aiken whose Senate office is next to Kennedy's.

Johnson's Pick  
About Clinches  
South For Demos

LOS ANGELES (AP)—The Governor of Virginia Thursday night viewed John F. Kennedy's selection of Lyndon B. Johnson for his running mate as just about clinching the South for the Democrats in November.

J. Lindsay Almond, whose original qualified endorsement of Kennedy grew into almost boundless praise after a visit to the nominee's headquarters, urged a Virginia caucus to give its support to Kennedy's choice.

He said the South would unite stronger behind the Texas runner-up than any other candidate. And he said he and other Dixie leaders gave this word to Kennedy at a conference shortly before he announced his choice was Johnson.

Along with Almond at the Kennedy conference were the governors, or their representatives, of Georgia, South Carolina, Florida, Louisiana and Alabama.

Nixon Sizes  
Kennedy Up As  
Formidable Foe

WASHINGTON (AP)—Vice President Richard M. Nixon sized up Sen. John F. Kennedy Thursday as a highly formidable opponent against whom he will campaign vigorously across the country.

His news secretary, Herbert G. Klein, said Nixon will carry his fight against the newly nominated Democratic candidate for the presidency into all the 50 states, speaking personally in as many as he can before November election.

Klein told reporters that Nixon, the virtually certain Republican candidate, personally regards Kennedy as "a highly formidable opponent."

"The vice president is confident that he will win," Klein said, "but he expects a close race."

Nixon had no direct comment on the nomination of the Massachusetts senator at Los Angeles. But he sat up late watching Kennedy's party victory on television at his home in fashionable Westley Heights.

Klein said Nixon and his wife, Pat, will fly to Chicago Monday, July 25, for the opening of the Republican National Convention and make his headquarters at the Blackstone Hotel.

"He wants to be there early enough in order to meet and shake hands with as many delegates as possible," the spokesman said.

The vice president has not ruled out the possibility that New York Gov. Nelson A. Rockefeller may seek the nomination at Chicago, but he is confident of his own selection.

Rockefeller will appear before the Republican Platform Committee in Chicago next Tuesday for a presentation of his views on what the platform should include.

Nixon has been convinced all along that Kennedy would be his November opponent. He has built his campaign strategy with that in view, planning, among other things, heavy emphasis on the South where he regards Kennedy as weak.

Free Africans

ALGIERS (AP)—French authorities say they have freed 1,000 North Africans from prison camps in Algeria but still hold 7,000 as political prisoners. The Algerian nationalists claim the figure exceeds 100,000.

'Acted As Trained,' Says  
Pilot Of Ditched Airliner

MANILA (AP)—"All I know is about 3:45 a.m. when a racing engine on the left wing failed to respond. The propeller tore loose and ripped into the side of the plane. I ordered the passengers into the rear compartments and prepared to ditch."

"The left wing was burning all the way from 9,000 feet down," Rall said. "It took about five to seven minutes for the plane to get down to the water. The plane hit in a more or less landing position. It took not more than three minutes to evacuate everyone. The plane sank seven minutes after it was ditched."

Mrs. Clyde Kelley, 53, a Springfield, Ohio, high school teacher on a two-month world tour with her husband, was killed in the crash. Her body was found floating in the water.

The survivors were suffering from shock and bruises. They were treated, fed and given dry clothing at a U.S. Navy hospital. They had been tossed five hours on rough seas in rubber life rafts before they were picked up by U.S. military amphibious planes.

Kennedy Taps  
Foe To Make  
Slate Strong

Surprise Ticket  
Has Balance And  
Appeals To South

BULLETIN

LOS ANGELES (AP)—Senator Lyndon B. Johnson of Texas was nominated by acclamation as the Democratic vice presidential nominee Thursday night.

LOS ANGELES (AP)—John F. Kennedy, a runaway choice of the Democrats for the presidency, tapped vanquished rival Lyndon B. Johnson Thursday for his vice presidential running mate.

Kennedy disclosed his choice at a time when delegates who didn't know who it was were pouring into the Democratic National Convention hall to run through the motions of making it official.

It's a surprise ticket, a balanced ticket of wide appeal, a ticket designed to reinforce a weak spot on Kennedy's Southern flank.

In first place, the senator from Massachusetts, a liberal Yankee, a Boston Irishman, a young man of 43, a Roman Catholic.

In the second spot, the senator from Texas, majority leader of the Senate, a Southerner of somewhat more conservative leanings, a man of 51, a member of the Christian Church.

Strategy Conferences  
Less than 24 hours after winning the presidential nomination, Kennedy swept through a round of strategy conferences with party leaders from every section and of every conviction.

He broke them off to race down two flights at his headquarters at the Biltmore Hotel to see Johnson, the chief challenger for his own nomination. They talked about the vice presidency.

Kennedy surveyed the field. Sen. Stuart Symington of Missouri was on the list of possibilities, along with Gov. Orville L. Freeman of Minnesota and Sen. Henry M. Jackson of Washington.

Freeman put Kennedy's name in nomination Wednesday night. Jackson was asked to second Thursday night a Johnson nomination by Gov. David L. Lawrence of Pennsylvania. And Jackson said he had under consideration the possibility of taking over from retiring Paul M. Butler as Democratic national chairman — another post Kennedy will have the say in filling.

Kennedy told a news conference "Lyndon Johnson has demonstrated on many occasions his brilliant qualifications for the leadership we require today."

Element Of Surprise  
There was an element of surprise both in Kennedy's beckoning to Johnson to come to his side for the political campaign ahead and in Johnson's acceptance.

Some of Kennedy's lieutenants have shown little love for the lanky Texan, who tossed around some rather bitter words in trying to box the Massachusetts senator off from the presidential nomination.

And while Johnson always said he could shirk no offer to serve his country in any capacity, he had let it be known he preferred the power and responsibility of his post as a majority leader in the Senate to picking up the gavel and presiding over it.

Ike Inks Home  
Loan Extension

NEWPORT, R.I. (AP)—President Eisenhower Thursday signed into law a two-year extension of the G.I. home loan program for World War II veterans.

The bill also continues for another two years the 150 million dollars a year appropriation for direct loans to veterans unable to get private loans. Those loans continue the government-guaranteed interest rate of 5 1/4 per cent.

The program would have expired July 25. The loan program for Korean veterans continues until 1965.

The President, completing action on bills Congress sent him before recessing for political conventions, approved 65, most of them of a minor nature. He killed two others, also minor, by pocket veto.

### Congo Peace Force Being Built By UN

UNITED NATIONS, N.Y. (AP) —Volunteers from 20 countries were being lined up quickly Thursday under the blue and white U.N. banner to try to stop the Congo's lunge toward anarchy. A force of 2,500 to 3,000 is expected.

Within hours after the Security Council gave him the go-ahead, Secretary-General Dag Hammarskjöld received offers of contingents from Ghana and Tunisia. Both were reported ready to move immediately and become the vanguard of a unique peace task force.

Hammarskjöld was reported to have asked the United States, Britain, the Soviet Union, Italy and India to supply food and transport.

In Newport, R.I., Thursday, President Eisenhower authorized the immediate shipment of 300 tons of flour to the strife-ridden Congo.

The President said the shipments will be flown to Leopoldville and assigned from stocks available in Europe.

Hammarskjöld also named a commander for the new Congo U.N. emergency force and ordered him to take up his duties Sunday. He is Maj. Gen. Carl von Horn of Sweden, now commander of the U.N. truce supervision organization in Palestine.

Von Horn, 57, two years ago succeeded Maj. Gen. E. L. M. Burns, when the latter resigned as truce supervisor to give full time to command of U.N. troops in the Gaza Strip.

Hammarskjöld approached five African governments on possible troop contributions—Ghana, Tunisia, Guinea, Mali and Morocco. Informal quarters said the last three had not replied late Thursday.

These developments came amid reports that the situation in the Congo was worsening. The central issue was the continued presence of Belgian troops in the country. The Security Council voted early Thursday morning to call for withdrawal of the Belgian troops but Belgian officials insist they intend to pull out only the metropolitan troops flown in after the current crisis began.

### Woman Returns, Furniture Gone

GRAFTON, W. Va. (UPI) — A pretty thorough thief hit the home of Mrs. Tensie Bartlett of Flagg Run, Taylor County this week.

Mrs. Bartlett returned from work one day to find her four room house stripped completely of furniture and fixtures. She said the only thing left was a broom "and the thief didn't even bother to clean up his mess."

She said four rooms of furniture, carpets and rugs and even bottled gas fixtures were stolen.

### Woman Enters Wrong Room In Wrong City

LOS ANGELES (UPI) — A woman who entered the almost empty headquarters of Sen. Stuart Symington Thursday had a ready if confusing answer when someone suggested she had the wrong room.

"It looks like I'm in the wrong city, too," the visitor said. She was wearing a Nixon button.

### Plans Bike Ride Into Alaska

ANNAPOLIS (AP)—Robert Hall is going for a bike ride Saturday to Alaska.

Hall, a professional singer and construction worker here, hopes to complete the 3,500-mile trip in less than two months.

The 24-year-old Marylander said he's been thinking about a marathon bike ride for about two years. "I had planned going only as far as Seattle," he said, "but I thought I might just as well go on to Alaska since it is a new state in the Union and I've never been there."

Hall said that he'd just cycle to the "biggest town just over the Alaska state line."

The Air Force veteran, a 160-pound six footer, says he feels he is in good physical condition for the rigorous trip.

Hall admits he was inspired by the recent cross-country hikes of Dr. Barbara Moore and two British paratroopers.

The young cyclist, who was born in Kermit, W. Va., says he hopes to average at least 15 hours a day on the road.

What about getting back? Says Hall: "I may make it a round trip."

### Man Electrocuted In Roofing Mishap

BALTIMORE (AP)—One workman was electrocuted and another was injured Thursday when some spouting they were handling on the roof of an industrial plant touched a high tension wire.

Raymond Childress of Chelsea Beach was pronounced dead after rescue workers tried unsuccessfully for more than an hour to revive him.

John Ventz of Finksburg was reported in fair condition at St. Agnes Hospital.

The accident occurred on the roof of the Baltimore Paint and Color Works Corp.

IOWA CITY, Iowa (UPI) — Jeff Clark, a University of Iowa professor in journalism, has been appointed to the journalism faculty at Bowling Green University in Ohio, it was announced Thursday.

### Lie Test Backs Mathews' Safe Robbery Tale

CHARLESTON, W. Va. (UPI) — Lie detector tests given Thursday backed up Earl Mathews' statement that he pulled off the Motor Vehicles Department robbery by himself.

The test, given at State Police Headquarters at the statehouse, also indicated Mathews had possibly spent between \$500 and \$1,000 of the big haul. Investigators recovered \$351,840.

The department was broken into on the night of June 19, and Mathews was picked up last Friday in a South Charleston apartment. The money was found hidden in the trunk of his car. The 32-year-old ex-Charleston bus driver, who admitted the theft, was released on \$10,000 bond. Bond had been set at \$25,000 and the State Supreme Court was to have held a hearing Thursday on a petition from Mathews' attorney that it be lowered. The petition was dismissed after Kanawha County Prosecutor Charles Walker agreed Wednesday to cut the bond to \$10,000.

Mathews, who appeared calm during the test, said he wanted it known publicly that he did not have any additional money stashed away.

He also said that all of his troubles could be blamed on himself and no one else.

"The trouble with Earl is Earl," he said.

Mathews had been separated from his wife and two children for some time, but has now returned to their home in Marmet.

"My arrest may be the turning point of my life," he said. "My marital troubles may be straightened out."

A high school graduate, Mathews said he had planned to use the GI bill several years ago to study electronics in college. He said treatment for a tubercular condition had forced him to give up most plans.

### Water Sports Are Athletic Strong Points Of Kennedy

By JOHN LANNAN

HYANNISPORT, Mass. (AP)—Water sports, especially swimming which once saved his life and that of a fellow Navy man, are the athletic strong points of the Democratic nominee for president.

John F. Kennedy, a trim 43-year-old former Harvard athlete, has had to cut down on his physical activities because of the demands of his job and the rigors of campaigning but still manages some sailing and swimming.

Kennedy was a member of the freshman swimming team at Harvard in 1936 and went out for the varsity the following year. He had to drop the sport, however, for health reasons. He was a crack backstroke, one teammate said.

Eric Cutler, now admissions officer at Harvard, said "Jack was a good, strong team competitor. He worked hard at it. He wanted other people to win and he wanted to win himself."

It was the same with his football career. He was on the Harvard freshman squad and made the jayvee team the following year, playing end.

Peter Pratt, a teammate on the freshman team said Kennedy "was a tall, rangy end and he was pretty good though he never made a varsity letter."

Kennedy called on his early swimming training during the war when the PT boat he skippered was sliced in two by a Japanese destroyer in the South Pacific. He towed a crewman from the wreck to shore, a distance of three miles in five hours. Later, he spent a week swimming from island to island seeking aid.

War-time service left him with

recurrent malaria and a back injury that caused a great deal of discomfort until a fusing operation several years ago.

Since the war, he's played golf and tennis but doesn't have the time to keep up either game. "I used to shoot in the 70s," he once told an interviewer, "but not any more."

When at home here, he sails a 110 sailboat and a 20-foot sloop.

Kennedy athletic events are a local legend. For years, the clan gathered every Fourth of July for softball games of varying intensity. And on Labor Day, the game was switched to tough football.

### Davis To Present Benefit Show For Anti-Segregationists

WASHINGTON (AP) — Negro entertainer Sammy Davis Jr. announced he will give a benefit performance in October to help pay for anti-segregation demonstrations in Montgomery County, Md. and Arlington, Va.

Davis, appearing in a downtown night club, met Wednesday with demonstrators protesting segregation at the Glen Echo Amusement Park in Montgomery County.

He said his benefit performance will be held for Washington area university students who have led sit-in demonstrations in Arlington and Rockville, Md., and picketing at Glen Echo.

Proceeds will go to the National Assn. for the Advancement of Colored People which paid legal expenses incurred in the 41 arrests stemming from the demonstrations, Davis said.

### Rails Are Blocked By Wrecked Freight

EDGEWOOD, Md. (AP) — The main line of the Pennsylvania Railroad was blocked Thursday when 26 cars of a 73-car freight train left the rails just south of here.

The mass of wreckage covered all four tracks, forcing the rerouting of passenger trains over the Baltimore and Ohio Railroad line nearby. The trains ran about 90 minutes late.

An electric engine pulling the train did not leave the tracks. No one was injured.

### New York Central To Bid On B&O

NEW YORK (AP)—New York Central Railroad Thursday called a special stockholders meeting for Oct. 4 to vote on its bid to acquire a half interest in the Baltimore & Ohio Railroad.

The meeting, to be held in All-stock plus \$9 in cash for each of bany, will occur about one week 1,550,000 shares of B&O common after the road's offer to B&O stock. shareowners expires.

The Central, in an attempt to block a proposed merger of the B&O with Chesapeake & Ohio Railway, has said it will offer one and a half shares of its capital-made hatch the eggs.

# Slaying Of Marauding Bear Recalls Famous Scopes Monkey Trial In 1925

By JOSEPH SWEAT

DAYTON, Tenn. (AP) — They shot a marauding bear in this southeast Tennessee mountain town a few days ago, prompting J. H. Bowman to remark: "thirty-five years ago they were after monkeys. Now they're after bears."

Bowman knows about those monkeys. He was one 12 Rhea County men on the jury in the famous Scopes monkey trial.

On July 21, 1925, after five minutes' deliberation on nearly two weeks of often hilarious testimony this jury convicted young John T. Scopes of teaching Darwin's theory of evolution in a Tennessee public school. That was against the law then—and it's against the law now.

Were the trial held tomorrow, Bowman agrees, the verdict would be the same. The principals would find Dayton—and its people—very little changed from 1925. The cars would be different, the buildings older. But time has not touched Dayton's attitudes appreciably.

The famous court test was dubbed the monkey trial because the major issue debated was whether the Bible or Charles Darwin correctly explained the origin of the human race. The Tennessee Legislature had passed a bill making it unlawful for a person in a public school to "teach any theory that denies the story of the divine creation of man as taught in the Bible, and to teach instead that man has descended from a lower order of animals."

Since Scopes freely admitted violating Tennessee's antievolution law, the case has become a slice of American history not for what the jury decided, but for what the trial provided: A flamboyant battleground for two of the most famous orators of the day—William Jennings Bryan for the prosecution and Clarence Darrow for the defense. Bryan died here three days after the verdict.

"The circus" was the term most often used to describe the show in and around Dayton, chiefly because of the merchants and peddlers who took advantage of the once-in-a-lifetime crowds drawn by the trial.

Scopes, the defendant, was all but forgotten in the hullabaloo and has managed to avoid the limelight ever since.

Now a semiretired geologist in Shreveport, La., Scopes spent several years in Venezuela before returning to this country in 1933. Now 60, he has never revisited Dayton since he was fined \$100—later reversed by the State Supreme Court as too high. Just as Darrow predicted, he never paid a cent.

Bryan, three-time Democratic candidate for president, secretary of state under Woodrow Wilson and known to millions as "the great commoner," headed a bat-

tery of five prosecution lawyers. Darrow, probably America's most famous criminal lawyer, was in his familiar role of defense attorney—"for the monkeys."

How did it begin? and, as the St. Louis Post-Dispatch asked editorially at the time, "Why Dayton of all places?"

Time has a way of blurring exact details, but most people in Dayton agree with the story as recalled by F. R. Rogers, a Dayton druggist who in 1925 was a pharmacist in Robinson's drug store.

It seems that George Rappleyea, a Dayton civil engineer, read that the American Civil Liberties Up-

ter would finance the defense of any teacher willing to test Tennessee's antievolution law—largely ignored today, though still on the books. Since Scopes as Rhea County High School science teacher seemed the logical Daytonian for such a test, Rappleyea went looking for him.

Rogers says, "He came in Robinson's and asked if that fellow Scopes was around." He found him and the story goes that the test case was decided on right there in Robinson's drugstore.

The three living Scopes jurors, Jess Goodrich, Walter G. Taylor and Bowman, all live within a few miles of the courthouse. Tay-

lor is in ill health, but Goodrich and Bowman got together the other day to recall the trial—their first such meeting in 35 years, despite being virtual neighbors.

"You know how I got on the jury?" asked Goodrich, now 80. "One day my boss asked me if I wanted to see that trial—he thought they were going to sell tickets. I said 'yes' and went on up. But I wound up on the jury, and I didn't get to hear much at all."

So Darrow and Bryant could argue without restraint, the jury was sent repeatedly from the courtroom during the 11-day trial—three days of it on the courthouse lawn, partly because of the heat and partly for fear the crowds would cause the courtroom floor to collapse.

If the trial were tomorrow, what about the outcome? "Scopes pleaded guilty," Goodrich said. "There wasn't anything else we could do but find him guilty." Bowman, 82, agreed.

## Keeping Up With Hollywood by Louella Parsons

HOLLYWOOD—After Ingrid Bergman carried off an Emmy for "Turn of the Screw," it gave the late Buddy Adler a big idea. 20th Century-Fox has owned the rights to the Henry James novel for ten years but nothing was ever done about it until Ingrid topped the TV prize.

So one of the last things Buddy did was to sign Deborah Kerr for the lead, and Jack Clayton, who won so many honors for "Room at the Top," is set to produce and direct.

Buddy was eager to get it started as soon as possible to cash in on some of the Emmy publicity and 20th will follow through.

This may be denied, but I happen to know that Jack Warner has bought the film rights to "Gypsy." Ethel Merman's successful Broadway play, I should have asked David Merrick, the producer, when I had dinner with him a few nights ago but there have been so many visitors in town and so much going on that it slipped my mind.

But from New York comes the word that Julie Styne's hit musical has been sold to the Warner brothers. Ethel Merman will get a good hunk of change too, because she owns a large share of the property.

Elinore Dunahue, the very attractive daughter of the recently terminated "Father Knows Best" TV series, was only temporarily out of a job. She was snapped up pronto for 10 of the new Andy Griffith shows. But during the lull an amusing incident took place:

The Andy Griffith company wanted to get in touch with Elinore in a hurry. They called and called her home only to be told by her mother that she was out. "Where can we reach her?" begged the anxious bosses.

"Oh," said Elinore's mother cheerfully, "I doubt if you can reach her. She's picking up her unemployment check."

The prettiest lobbyist in town this week is Jean Stein, daughter of Doris and Jules Stein. Her husband William Vanden Heuvel is running for Congress in New York, and there isn't anyone from his district that she hasn't contacted. This great interest in politics amuses her parents.

I sat with the Steins at a recent party, and Jean remained only long enough to talk to Norman Knight, who is a very wise young man and has just sold a network in Boston for millions. He impressed Jules with his knowledge and know-how of business and politics. Jean just happened to have in her pocket a page from the New Yorker with a story about her husband, and a picture of her, William, and their baby. This gives me a kick, because it seems like only yesterday that I was sending Jean dolls for Christmas.

Over 6,000 Democrats jammed the Coconut Grove at the Ambassador Hotel for Perle Mesta's party. Only the fact that I love and admire Perle so much could have taken me to her luncheon in the middle of the day. I arrived after 1:00 p.m. and people were still coming through the invitations read from 10:00 to 1:00 p.m.

The hostess with the mostest wore a frosted black and white silk gauze polka-dot gown by Marnus. I coaxed Perle to sit down after she had stood four hours shaking hands with all her guests. From the movie colony I spotted Ann Miller, Carolyn Jones, Jean Simmons and others. Mrs. Ives, who's been attending most of the parties for her brother Adlai Stevenson, came to Perle's luncheon. I also recognized Mrs. Estes Kefauver. I stayed only a short time because my job was calling me at home.

Buddy Adler fought a brave fight to live and even when he was sick unto death he tried to carry on the business of the studio. He had a telephone under the oxygen tent at Cedars of Lebanon hospital and wouldn't give up. Anita Louise, his wife, tried her best to keep him from concerning himself with studio matters, and to keep all calls from him.

First Gene Fowler, and now Buddy, two good friends. Life is indeed very short, too short to worry about feuds or any bitterness.

# Woman To Woman South Africa Waking Lion

By PATRICIA McCORMACK  
NEW YORK (UPI) — Maj. Edith Aynes, retired Army nurse, figures patients have a right to howl about the shortage of nurses in the nation's hospitals.

She's talking about the old-fashioned kind of lady in white who used to have time for back-rubs and pleasant 'chit-chat.'

Maj. Aynes, of Union, N.J., makes these points in a diagnosis of the nursing shortage in a report published in the current issue of Modern Hospital, a publication for hospital administrators.

"Beginning with the end of World War II, we began to talk about the shortage of nurses,"

she said. "We as a nation were so short of nurses that we had to call upon untrained women of the country to save the wounded."

**Served Abroad**

"We have used the word shortage so long and it has become so familiar that we have contempt for it. Its meaning in relation to nurses has lost its impact."

Maj. Aynes, who has served in hospitals throughout the United States and abroad, maintains that nursing leaders are "complacent about the fate of patients."

"We attend world health conferences and devote hours of attention to the problems of nursing in other countries," she said, "but for some reason we do not seem to understand what has happened in our hospitals here at home."

## Orderlies Fill Gap

Getting statistical about it, Maj. Aynes quotes from the latest American Hospital Association figures showing that 236,000 graduate nurses are employed full-time in 6,282 hospitals in the nation.

"Of this number," she said, "165,000 are listed as administrators, instructors, supervisors, head nurses, anesthetists, operating room or private duty nurses."

"This would leave 70,310 graduate nurses for general duty — presumably at the bedside of patients, three shifts, for 60 hours of duty a week."

As a result of so many nurses turning to desk work and specialties, Maj. Aynes said that 316,662 orderlies and 79,000 practical nurses have come along to fill the gap created when graduate nurses turned to jobs away from the bedside.

To correct the situation and do right by patients, Maj. Aynes suggests an overhaul of nursing education.

## Delegation Arrives

TOKYO (UPI)—A Burmese border dispute delegation has arrived in Communist China to negotiate on the frontier between the two countries, according to the New China News Agency.

A Sino-Burmese survey team, making an inspection of the border, met earlier in the week.

## Can Hit Any Target

MOSCOW (UPI)—The head of the Soviet Air Defense system claimed that new equipment makes it possible for his forces to "strike at any air target."

Marshal Biryuzov said the backbone of the force is "guided anti-aircraft complexes."

# Victoria Boor Becomes Bride Of John Dever

Miss Victoria Boor, daughter of Mrs. Eileen B. Boor, Winchester Road, became the bride of John Dever, son of Mr. and Mrs. Brady W. Dever, Winchester Road, July 9. The wedding ceremony was solemnized in Cresaptown Methodist Church, with Rev. Robert E. Bavender officiating.

Miss Sondra Boor was her cousin's maid of honor, while Miss Lorraine Boor, Corriganville, and Miss Verna Sike were bridesmaids. Thomas Dever served as his brother's best man, and Wilmer Boor, brother of the bride, and Donald Fishell, were the ushers.

The bride, who was given in marriage by her uncle, Otis Boor, was attired in a white lace, floor-length dress, fashioned with fitted bodice and full skirt. Her fingertip-length veil was held by a crown of seed pearls. Completing her costume, she carried a white prayerbook, with orchid marker.

Her attendants wore nylon, ballerina-length dresses, with matching hats and orchid corsages. The maid of honor was in aqua and the bridesmaids, pink.

Mrs. Boor chose a green dress with white accessories for her daughter's wedding. With it she had a corsage of white roses. Mrs. Dever wore light blue with white accessories and also had a corsage of white roses. Mrs. Alma Boor, grandmother of the bride, had a turquoise blue costume and Mrs. Sara Lewis, grandmother of the bridegroom, green. Both had corsages of yellow roses.

## Abe Reunion Saturday

The 11th annual Abe reunion will be held Saturday at Union Grove camp ground, beginning at 10 a. m. A program will be presented during the morning. Following a basket lunch at noon there will be recreation for all age groups.

Royal Abe is president, Clarence Abe, treasurer and Mrs. Mina Abe Twigg, secretary.

The program committee consists of Mrs. Eugene Abe Jr. and Mrs. Grace Abe Self while Mrs. Mabel Abe Grapes and Mrs. Mildred Abe Smith compose the recreation committee.

## Democratic Women To Have Dutch Treat

Campaign work will be outlined at a Dutch treat luncheon meeting of the United Democratic Women's Club of Allegany County Saturday. It will be held at the Fort Cumberland Hotel at 1 p. m. Reservations are to be made by calling PA 2-9719 or PA 2-0674.

WOMAN'S CIVIC CLUB OFFICERS — Mrs. Ralph C. Isminger, president, met with her officers, directors and chairmen for a luncheon yesterday at the Fort Cumberland Hotel. Seated, left to right, are Mrs. Isminger, Mrs. Ernest Lindsay, vice president of the First District; and Mrs. William A. Douglas, director. Standing are Mrs. Albert Heacox, financial secretary and new director; Mrs. A. N. Golladay, Mrs. George G. Young, directors; Mrs. Fred Hutchison, recording secretary; Mrs. James W. Rexroad, treasurer; and Mrs. Merrill Barnes, first vice president. The first general meeting will be a luncheon September 15.

## Social Chart Woman's Civic Club Chairmen Appointed

Mrs. Heacox Voted Director

Mrs. Ralph C. Isminger announced her chairmen for the year, and a director was elected at a luncheon meeting of the officers, directors and chairmen of the Woman's Civic Club, held yesterday at the Fort Cumberland Hotel. Mrs. Albert D. Heacox was elected director to fill the unexpired term of the late Mrs. G. Morgan Smith.

Chairmen were asked by Mrs. Merrill Barnes to submit their programs to her by August 1, so the new books will be ready for the September meeting.

The fall meeting of the First District, Maryland Federation of Women's Clubs, was announced by Mrs. Ernest Lindsay, district vice president. It is to be held the first week in September in Frederick. There also will be a workshop for officers and group chairmen.

Mrs. Warren W. Cook was accepted as a new member. It was announced that the executive meeting will be held at 10:30 a. m. September 8 at the club house. The general meeting will be a luncheon September 15 at the Cumberland Country Club at 1 p. m. Mrs. F. Lee Fresh offered the invocation.

Officers serving with Mrs. Isminger are Mrs. Barnes, Mrs. Seth Harter, vice presidents; Mrs. Fred Hutchinson recording secretary; Mrs. Benjamin Lewis, corresponding secretary; Mrs. Heacox, financial secretary; Mrs. James W. Rexroad, treasurer.

Miss Elizabeth Lowndes, Mrs. A. N. Golladay are directors, 1959-1964; Mrs. George G. Young, Mrs. William A. Douglas, Mrs. F. H. Ankeney, Mrs. Heacox, 1960-1962.

Department chairmen and co-chairmen are Mrs. Winfield I. Burton, Mrs. W. Eric Gibbs, American home; Mrs. Arch M. Hutchison, Mrs. I. Newton Evans, art; Mrs. Arthur Gibson, Mrs. Albert T. Cook, civic; Mrs.

## Fair Is Discussed By Club

Plans for a civil defense demonstration at the Fair were discussed at the meeting of the Union Grove Homemakers Club, Wednesday evening at the home of Mrs. L. L. Sweitzer. The committee in charge consists of Mrs. Albert Smouse, chairmen, Mrs. Fred Purnell, Mrs. Richard Douglass, Mrs. Ruthella Fey and Mrs. Holmes Cessna.

A letter was read about the adult camp to be held August 1-5 at Pleasant Valley. The club voted to pay part of the cost for one member to attend.

The thought of the month was read by Mrs. Jack Holliday, who presided. Following the Lord's Prayer and flag salute, the history of the hymn, "Lead Kindly Light," was given by Mrs. Albert Windish, then sung by the group. Roll call was answered by each telling her favorite sport. Mrs. Smouse spoke on traffic safety. Mrs. Sweitzer gave her report as delegate to Rural Women's Short Course. Mrs. Mary Wentling, who also attended, gave her report.

Hostesses for the evening were Mrs. Vernon Hicks and Mrs. Maude Hipeley. The meeting concluded with the group singing "Dixie." There were 21 present.

## Auxiliary Uses New Unit Flag

Mrs. Ethel Christopher, Baltimore, department president, spoke of the organization and commended the Ladies Auxiliary of Barracks 1125, Veterans of World War I, as one of the finest in the state, at its second anniversary party Wednesday evening at the VFW Home.

The new color bearer's flag was used for the first time in the floor work, escorting Mrs. Christopher and Mrs. Gertrude Carter, Baltimore, past department president, into the meeting. Announcement was made of the Department Council meeting to be held in Baltimore in the War Memorial building, September 11. Mrs. Ina Smith conducted the meeting. Mrs. Catherine Wilson reported on the sick and Mrs. Chloe Reynolds, on the trip to Baker Center, and success of the measuring party. A telegram was read from Mrs. Agnes Eberenz, past national president, re-

## Goren On Bridge

Neither vulnerable. South deals. A bit of carelessness by declarer at the opening gun cost him a game contract in today's hand.

South's opening bid of three hearts falls a shade short of the trick requirements. But it is not open to serious criticism, particularly since South held 100 honors to compensate partially for any loss. North responded with three spades, and it may be noted that the mention of a new suit by responder is forcing for one round even over a preemptive bid. South had no choice but to rebid his hearts and North

made a sound decision in passing. North's holding figured to make a useful dummy, whereas South had announced a strictly one suited hand.

Against the four heart bid, West opened the king of clubs. Declarer impulsively reached for dummy's ace, and with that gesture threw away his contract. He could not afford to draw trumps, for even one lead of that suit would place the defenders in position to cash two clubs and a spade in addition to the ace of hearts.

In an effort to dispose of one of his losers, South played three

rounds of diamonds in order to discard a small club. West trumped the third round of diamonds and cashed the club queen. He shifted to a spade, and East set the contract with the major suit aces.

North correctly pointed out in the post-mortem that the contract was safe against the world had South merely permitted West to hold the opening lead. If a club is continued dummy's ace is played, a diamond is led to the king, and declarer's third club is ruffed with the three of hearts. If, on the other hand, West switches to a heart at trick two, South will be in position to draw trumps and discard a club on one of the dummy's diamonds.

By winning the first trick de-

clarer surrendered control of the hand to his opponents.

## Deaths And Funerals

### ISAAC S. NEUHAUSER

KEYSER—Isaac S. Neuhauser, 81, formerly of here, died Wednesday in Lancaster, Pa.

He was born in Williamsport, Pa., the son of the late Henry and Susan (Walker) Neuhauser. He was a member of Trinity Lutheran Church, Keyser.

Mr. Neuhauser is survived by two daughters, Miss Betty Neuhauser and Miss Kay Neuhauser; a sister, Miss Katherine N. Neuhauser, and a brother, Jack Neuhauser, both of Lancaster, and a grandson.

The body is at the Snyder Funeral Home, Lancaster, where services will be conducted Saturday. Interment will be in that city.

### PERCIVAL L. CHANEY

Percival Lee Chaney, 78, of Baltimore Pike, died yesterday in a hospital in Carroll County.

Born near Flintstone, he was a son of the late Leroy and N. Alberta (Christie) Chaney. At one time Mr. Chaney operated a tourist home and a rural mail carrier.

He is survived by a sister, Mrs. B. Arbutus Yonker, at home.

The body is at the Hafer Funeral Home, Baltimore Pike tomorrow at 2 p. m.

Services will be conducted at the residence Sunday at 2 p. m. by Rev. Harry Hull, Lutheran minister. Burial will be in Pleasant Grove Cemetery.

### MRS. EASTON FUNERAL

Services for Mrs. Lula A. Easton, 78, of 612 Louisiana Avenue, who died Wednesday in Memorial Hospital, will be conducted tomorrow at 2 p. m. at the Hafer Funeral Home by Rev. Everett W. Culp, pastor of First Methodist Church. Burial will be in Rose Hill Cemetery.

Pallbearers will be Clyde Cook, Robert Blake, John Wolford, Jack Wittington, James Burns and Jesse Martin.

### WILLIAM H. SLATTERY

William Henry Slattery, 92, son of the late William B. and Frances (Millman) Slattery, formerly of this city, died Wednesday at his home, Westhampton Beach, New York, where he had resided many years.

Mr. Slattery was credited during his long lifetime with many ideas and inventions in the automotive field, and he became a skilled mechanical engineer.

His mother, the former Frances Millman of here, was a daughter of an early family. Henry and Marianna Millman. Records show that Frances Millman was the first baby baptized in St. Peter and Paul Church after it was built.

Mr. Slattery, who visited here frequently, is the last of his family. Several brothers and sisters preceded him in death. He is survived by his widow, Mrs. Mary Slattery, at home, and a cousin, Lydia C. Millman, 319 Greene Street.

Funeral services will be held

this morning in the Immaculate Conception Church at Westhampton Beach.

### HALLER SERVICES

Services for Franklin P. Haller, 74, of 792 Fayette Street, who died Wednesday in Memorial Hospital, will be conducted tomorrow at 2 p. m. at the Stein Funeral Home by Rev. Maurice J. Robertson, pastor of First Presbyterian Church. Interment will be in Hillcrest Burial Park.

Pallbearers will be Charles Wolford, Grafton, Walter Kline, Louis Johnson, Alvin DeBouch and Homer VanMeter.

Survivors include a brother, Theodore Haller, this city.

## Hampshire Co. Plans Special Vote On Levy

### Balloting Set For July 29

ROMNEY — The Hampshire County Board of Education at a special meeting Wednesday unanimously approved a motion to conduct another special election to increase that portion of the property tax allocated to schools.

Russell Oates, president, said the plan will be re-submitted for the approval of the county voters on Friday, July 29. The original proposal was rejected on June 30 because of failure to meet with the percentage of approval required under state law, Oates explained.

The Board of Education proposal would increase by 100 per cent that portion only of the property tax allocated for school use, the board emphasized. If

approved, the resultant increase in county funds would qualify Hampshire schools for much additional state aid.

Oates said he felt the original supplemental levy would have been approved by the required majority except for a misconception that the plan would have doubled all county taxes.

He and the other board members stress that approval is sought only to double the so-called school tax so that much more state aid can be obtained to meet problems facing the Hampshire County school system.

Attending Wednesday's special meeting, besides Oates, were Miss Ruth McIntyre, acting superintendent of schools, William Parker, Roscoe Tutwiler and E. L. Grapes. The other board member, Henry Campbell, was unable to attend but informed the board of his support by telephone.

Board spokesmen said additional state funds will be used to expand the curriculum, alleviate overcrowded conditions, repair school buses and purchase new ones, add additional drivers to the school bus staff, correct fire hazards in school buildings that have been cited by the state fire marshal, and provide matching funds for science, mathematics and foreign language instruction. Additional teachers also are needed in the Hampshire school system, it was pointed out, and a salary adjustment also is desirable.

The June 30 vote was 1,044 in favor of the supplemental levy and 980 against. The margin of victory was 51.4 per cent, while state law stipulates that in order to qualify for additional state aid the margin of favor must be 60 per cent of those voting.

Oates said the July 29 balloting

## Miss Alleene Frost Gets Scholarship

FRÖSTBURG — Miss Alleene Frost, daughter of Mr. and Mrs. Harry B. Frost, 159 Maple Street, has been awarded a university scholarship by the scholarship committee of the University of Maryland.

Miss Frost also has been notified that she was recommended by the Maryland Health Scholarship Committee as the recipient of a National Foundation Health Scholarship made possible by the March of Dimes.

Alleene is a 1960 graduate of Beall High School. She served as vice president of the National Honor Society, vice-president of Tri-Hi-Y, treasurer of Art Club and art editor of the school newspaper.

will permit the voters to decide the issue by the August 2 deadline for the 1960-61 fiscal year of the school board.

## Reopening Set

HUNTINGTON, W. Va. (UPI) — July 26 has been set by the U.S. Army Engineers for the opening of bids on construction of a maintenance shop for the Army Reserve Center at Ripley. Bids received for the project May 27 were rejected.

## Ann Landers . . .

**Answers Your Problems**

DEAR ANN LANDERS: Floyd and I were secretly married during our senior year in high school. I just found out I am pregnant.

Floyd and I got both-sets of parents together last night and told them the news. Floyd's mother and my father had to be fanned back to consciousness. It was horrible.

Today we got together again and everyone was feeling better. The question we want you to help us answer is this: Would it be proper to have wedding announcements printed up for our friends and relatives and show a picture of a stork, to sort of hint at the other news?

Floyd and I think we ought to announce everything at once and get it over with. Our folks don't agree. What do you think?

PATSY: DEAR ANN LANDERS: I don't think so either. Have the wedding announced as soon as possible—and save the baby announcement as long as you possibly can.

DEAR ANN LANDERS: I am sick in body and in mind. I don't know where to turn.

We are both nearing 60 and have been in love for three years. I'm self-supporting and manage to get by but there are few luxuries.

When we met he was down on his luck. We found comfort, companionship and happiness together. We talked about a future. At Christmas time he met a cute little woman who is younger than I am. When he started to take her out it almost killed me. He even suggested we stop seeing each other for a while.

Now he has cut me down to one visit a week. It used to be every night. No one paid any attention to this man before I started to see him. Now I'm sure it flatters his ego to have two women wanting him. Please, Ann, tell me what to do. I'm at the

END OF THE LINE. DEAR END OF THE LINE. The sensible thing to do when you reach the end of the line is to get off.

Nothing is so unattractive to a man as a discarded woman who gets on her knees and begs for a crumb of affection. This is the one sure way to extinguish any small spark that may be smoldering in the ashes.

A couple "nearing 60" who found "comfort, companionship and happiness together" doesn't wait three years to marry—if the feeling is mutual. Stop seeing this man at once and make new friends. It's your only chance to salvage some self respect, and to make a new life.

DEAR ANN LANDERS: I am a girl 18 who has been going out with a fellow who is 29. He keeps saying in a half-joking way that he's going to marry me when I am 20.

I like this guy but I don't love him and furthermore I never will. In fact, I'm uncomfortable with him because he is more worldly than most of the fellows I'm used to. I don't care for cigarettes but I smoke when I'm with him because I think he wants me to. I also have a cocktail or two with him even though it makes me dizzy and silly.

The trouble is, my dad works for this fellow and I don't want anything to happen to my dad's job. What shall I do?

EVE: DEAR EVE: Your dad wasn't hired because you agreed to date this fellow, was he? Well, he won't be fired when you drop him. He's too old for you. Let him down gently but firmly and go out with fellows with whom you're comfortable.

Are your parents too strict? You can benefit from the experiences of thousands of teen-agers if you write for ANN LANDERS' booklet, "How To Live With Your Parents," enclosing with your request 20 cents in coin and a large, self-addressed stamped envelope.

(Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper enclosing a stamped, self-addressed envelope.)

## Price Of Gasoline Hiked In Area On Retail Level

Cost of gasoline has been increased three cents at the retail level by outlets of the major companies and independents are expected to follow soon.

The increase applies to regular, high-test and the new higher octane gasolines, sources said.

At least two independents yesterday said they also planned to up gasoline prices but did not know the exact amount.

In most cases, regular gas is selling at 31.9 cents, high test at 34.9 cents, and the higher octane

gas at 37.9 cents. The three-cent increase was "across the board" on all types of gasoline.

The increase followed two developments. Major companies announced a one-cent increase in costs at the wholesale level. Then, one source said, the suppliers removed a "competitive allowance" of two-and-a-half cents, making the actual increase three and a half cents.

Three cents of the increase is being passed along to the consumer, he said.

## Men Receive Jail Terms In Theft Of Gas

Two Allegany County men were sentenced to terms in the county lockup on charges resulting from the theft of gasoline from construction equipment on a road improvement project on State Route 36.

The men, Kenneth Douglas Smith, Cresaptown, and Neal Eugene Lease, Mt. Savage, each were sentenced to 30-day terms on the larceny charges at a hearing yesterday before Magistrate F. Allan Weatherholt.

Prosecuting the case were State Troopers T. E. Ruppert and John Sweitzer, who also filed charges of tampering with a motor vehicle against each man, and a separate charge against Lease of operating a car while unaccompanied by a Maryland licensed driver.

The state troopers said officials of the S. T. Brotemarkle Construction Company have complained of gasoline being stolen from equipment on the Mt. Savage Road project, but that routine checks of the site were not fruitful.

Wednesday night, they informed the court, a foreman for the Brotemarkle firm, Joseph L. Wagoner, drove to the site and observed two men siphoning gasoline from a grader. He drove to a nearby business place and telephoned state police.

The men drove away before the arrival of the troopers, but Wagoner followed in his automobile and obtained the license of the other vehicle. The two men were picked up shortly afterward.

Magistrate Weatherholt fined Smith and Lease each \$200 on the tampering charges, and remanded them to jail for 60 days in default. Lease also was fined \$100 on the charge of operating a car without a license, and drew 30 days in default of payment.

The sentences will run concurrently, Weatherholt ruled.

Authorities said several other persons are suspected of having stolen gasoline from the construction firm's equipment, and warned that prosecution will be made against those caught in the act.

## Western Maryland June Income Up

The Western Maryland Railway reported Wednesday that its net income for June was \$506,236, making that the road's most profitable month since January.

The June profits pushed the Western Maryland's net earnings for the first half of this year to \$2,892,372.

The June earnings total was equal to 27 cents a common share and the six-month total equal to \$1.54 a share. Last year at this time, the road's profits were equal to \$2.48 a share.

## Atoms Display To Be Shown At Fair

Area residents will have an opportunity of seeing first hand the benefit mankind can derive from the atom when the Cumberland Fair, in conjunction with the Atomic Energy Commission, presents a free exhibit.

"Atoms at Work," one of the latest exhibits by the AEC, has been scheduled for this year's Cumberland Fair, August 15-20, according to general manager Harry J. Barton.

This exhibit, Barton said, is being brought here as a public service. It will, he added, give our citizens a better insight of the major scientific discovery of the century.

"They will see," the Fair Association head declared, "some of the programs of the Atomic Energy Commission related to the development of the applications of atomic energy in the fields of medicine, research, industry and agriculture."

A viewer walking through the

mobile exhibit will learn about the mining, processing and production of uranium. The structure of the tiny atom and the process known as fission, in which the release of tremendous amounts of energy stored in an atom, are explained.

A push-button operated model of a nuclear power plant such as the one which powers the submarine "Nautilus" is included. The animated nuclear reactor is accompanied by a recorded explanation of its operation. There are panels explaining radiation and radioisotopes. Other panels, according to Barton, illustrate some of the hundreds of uses of radioisotopes in the fields of medical research, industry, agriculture and basic research.

In addition, the viewer will see actual samples of uranium ore and metal, reactor components, food preserved by exposure to radiation and a working geiger counter.

And for those desiring additional information, a trained exhibits manager will be on hand to answer their questions, the fair manager stated.

The exhibit is operated for the AEC by the Museum Division of Oak Ridge (Tenn.) Institute of Nuclear Studies.

# State Boat Law Effective Today Demos Glad Over Nomination

Rigid enforcement of the new Maryland boating law will go into effect in this section today.

The boat act actually became law on July 1, but the Tidewater Fisheries Commission, which has charge of issuing licenses, was swamped around the deadline time with applications.

The date for enforcement was extended 15 days until today.

Deep Creek Lake will be the scene of most activity as far as the new law is concerned as there are approximately 3,000 power craft on that body of water.

Leo G. Friend, warden for the State Game and Inland Fish Commission, is the chief enforcement officer on the lake.

He stated that all boats being operated and not having Coast Guard numbers showing will be given a summons and not allowed to continue on the lake.

Boats not numbered and kept at docks not in operation, will not be affected, Friend explained.

Up to now, only warnings have been issued, Joseph A. Minke, regional game warden, said, but the work will get in earnest today.

Reciprocity of Coast Guard numbers issued in each state is observed in Maryland.

But many Pennsylvania boat owners on the lake, Friend said, have had 60 and 90-day temporary cards issued them by that state.

These will not be honored, the warden said, only those craft having state licenses and numbers will be allowed to operate.

Minke pointed out that the Game and Inland Fish Commission's power boat is equipped with a radio that is included in the commission's network system in this section.

When Friend locates trouble in one part of the lake, he can radio for assistance, Minke pointed out. The plan is working very well, he added.

Aeschylus (825-436 B.C.), the Greek dramatist who wrote "Agamemnon" was also a soldier in the Persian Wars at the Battles of Marathon and Salamis.

A new broom has a yardstick printed on the handle for a housewife to take measurements around her domestic castle.

Various Democratic leaders in Allegany County voiced happiness yesterday that Sen. Kennedy was nominated at the Democratic national convention in Los Angeles to be their standard bearer in the Presidential race in November.

William C. Walsh, former judge and attorney general of Maryland, stated that "Sen. Kennedy's overwhelming victory in the Maryland primary furnished ample evidence that his selection will be completely satisfactory to Democrats of Maryland."

"While I am not a political prophet," Judge Walsh said, "I feel confident that Sen. Kennedy will carry Maryland in November and I also firmly believe that he will be elected President of the United States this fall."

Brown Kookon, magistrate at Westernport and a member of the original committee for Sen. Kennedy, said he was most happy. "It is up to every Democrat and every progressive person of both parties to vote for his election."

Kookon also said he felt that the Democratic party platform is the most progressive and best one ever adopted by the party.

William L. Wilson, treasurer of the Allegany County Democratic State Central Committee, said: "Sen. Kennedy's nomination is ideal. There is a new era and Sen. Kennedy will provide a young man for the Presidency in this 20th century."

Wilson also said that "The country needs a fresh approach and viewpoint and Sen. Kennedy will be able to provide this type of leadership."

He also commented that Sen.

## Church Dance Is Canceled

The interior of First Presbyterian Church is being painted, Rev. Maurice D. Robertson, pastor, reported yesterday.

This will force the cancellation of the teenage dance regularly scheduled this Saturday night in the church hall, he said.

The painting also caused the cancellation of the dance last Saturday night. The event weekly draws from 400 to 500 Cumberland teenagers.

During the painting by the Seaber firm of Westernport, Sunday worship services are being held in the fellowship hall.

## Former Local Man To Be Inducted

Raymond Douglas Houck, Alexandria, Va., formerly of Cumberland, will leave tomorrow for induction into the armed forces at Fairmont.

P. Emmett Fahey, clerk coordinator for the local Selective Service Boards, said a group of youths from Boards 27, 28 and 29 will also leave for their physical examinations.

Fahey said the youths will report to the Post Office building here at 6:30 a. m., and leave by charter bus at 7 a. m.

Kennedy will probably have the best advice and counsel possible when he takes office and this will add to his term in office.

F. Allan Weatherholt, local trial magistrate, said "I endorsed Sen. Kennedy when he first indicated he would enter the Maryland primary. I believe it indicates a resurgence of younger people in the country and shows a need for younger people in office, including the Presidency."

Weatherholt said the last 20 years of the political life of the country have indicated the need for younger men who are energetic, dynamic and who can provide leadership. "This is what the next President of the United States will bring to the States this fall, Orndorff predicted. He is the best choice."

## SRC To Start More Route 40 Projects

Additional State Road Commission projects on Route 40 east of Bridge at the foot of the western slope of that mountain, to the started during the 1960-61 fiscal year, John E. Bushby, district SRC engineer, said yesterday.

Bushby said the SRC will schedule SRC projects in vertise on February 14, 1961, for the five-year program has been released by the commission for the 12 months that started July 1.

One of the longest ones will be relocation and modernization of the top of Polish Mountain.

Bids will be asked on March 7, 1961, the district engineer said. This will complete Polish Mountain work as the west slope was finished last year.

There has been a change by the State Roads Commission in the mileage between the Willowbrook Road interchange of the Cumberland Thruway and the western terminus of the current Martin's Mountain job.

Originally, the SRC, Bushby ex-

plained, had planned to advertise for the mileage from the west end of the present project, which is near the start of the concrete stretch near the Baltimore Pike Fire Hall, into Lindernville.

However, plans have been altered due to the concrete portion of Baltimore Pike from Nave's Crossroads east being in good state of repair and able to handle traffic temporarily, Bushby added.

Instead, one mile will be modernized from the Willowbrook Road interchange to Nave's Crossroads, eliminating a stretch of hazardous highway.

This job will be advertised for bids on February 7, 1961.

Engineering is being pushed on this one-mile stretch, Bushby said, so that the City of Cumberland can be given necessary grade lines of the new roadway.

This job will affect Cumberland's 36-inch water line from Lake Gordon, as it will have to be moved, the district engineer continued.

The SRC engineering crews are also working on relocation of Route 40 over Green Ridge.

It will be moved considerably from its present location and will cross the mountain at grades not to exceed six per cent, he added.

Richard F. Kline, Inc., Frederick contractor, was scheduled yesterday to start blacktopping the surface of Route 40 on the east and west slopes of Siding Hill Mountain.

## Westernport To Begin Annual Water Survey

### Council Appoints Two Inspectors

WESTERNPORT—The biennial house-to-house water inspection will be conducted by Mrs. Fanny Grove and Mrs. Margaret Shaw. The work will be started as soon as the books have been received from the printers, to make the records.

An adjustment on the water bill of the Bloomington Water Co. was ordered at the regular meeting of the Mayor and Council Wednesday evening. William Bevers, an official of the water company reported that over 1,100,000 gallons of water was lost through leakage in their lines but repairs now have been made.

William Ford asked that the 30-inch sewer line be extended from the Carl Metcalf house to his property, a distance of 200 feet.

Mrs. Hilda Clark complained of odor from skunks, persons dumping garbage near her home and other residents letting grass grow high.

A Kingwood, W. Va., representative of the West Virginia Mine and Supply Company of Clarksburg, conferred with Council about various types of machinery for use in street work.

A prototype machine used in billing for the office was ordered at a cost of \$405. Also the purchase of three water meters was authorized.

Mrs. Nellie McCoy, Mrs. Frank Dayton, Mrs. R. C. Roberts and Mrs. C. Albert Beck of the Westernport and Luke Civic Club and Okey E. Michael, member of the new County Library board and a former mayor discussed the Westernport Library sponsored by the club.

Under the new county library system the county will pay for the utilities. The town has provided the library a room for a number of years. Mrs. McCoy pointed out more room would be advantageous. Mayor Ray Will assured them that at any time more space in the building would be given for library purposes if the opportunity is presented.

The door of the library needs some repairs and L. C. Lambert, street commissioner, was authorized to investigate.

Mayor Will distributed copies of the proposed budget for the year beginning July 1, 1960 and ending June 30, 1961 for their study.

It will be acted upon at the next meeting Wednesday, July 20.

## New Tree Farm Dedication Is Open To Public

TERRA ALTA, W. Va. (UPI)—A 6,000-acre "tree farm" will be formally dedicated near here today in special ceremonies honoring owners of woodland dedicated to the permanent production of trees as a crop.

The ceremony will be held at 1:30 p. m. (EDT) on Elmer Grimm's Tree Farm 10 miles east of here. The public is invited.

Speakers for the dedication will be John B. Vetch of Asheville, N. C., president of Hardwood Corp. of America and past president of American Forest Products Industries, Inc., national sponsor of the American Tree Farm System.

M. J. Vorchach of Romney, industrial forester and chairman of the West Virginia Tree Farm Committee, said the ceremony will honor owners of woodlands ranging in size from small farm woodlots up to a 50,000-acre industrial tree farm.

Vorchach said the new West Virginia tree farmers will join the ranks of 56 other state woodland owners who have been recognized for their willingness and ability to manage their forested acres for top production of timber crops.

These tree farms have a combined acreage of 150,247 acres of forest land producing crops of trees for the state's \$101 million-a-year timber industry.

# Midland Buildings Termed Fire Hazard

## Action Planned On Old Buildings

The Mayor and Council of Midland has again taken action to file complaints with the County Health Department and the State Fire Marshal about the condition of the old opera house and adjacent structure on the town's main street. Residents and town officials want the buildings razed. In the photo top left, can be seen the "boarded up" structure as it fronts the main street. Upper right shows how the building is actually "falling apart." At the left, is a view of the rear portion along Georges Creek where the fire escape has fallen away and the building is disintegrating. Shown making an official inspection are Mayor Rodney Baker, Councilman Harry Devlin and Thomas Baker. Officials said court action will be taken to eliminate the health and fire hazards, if action already started is insufficient.

## Junior Order Park Is Site Of New Housing Project

FROSTBURG—One of city's most beautiful spots has been chosen for the Frostburg housing development. The site is the old Junior Order Park which, before the advent of the automobile, was a popular spot in the community. The property included a band concert pavilion in which the two local bands used to present programs regularly. This spot will now be the site for the office of the administrator of the Frostburg Housing Authority.

Another pavilion in which dances were held was used for all types of entertainment, conventions, revival services and of meetings. At present it is used for a skating rink, but will be razed to make room for a new road into the development.

Fifty units will be erected and construction is expected to start the latter part of the summer, according to William Sluss Jr., executive secretary. Trees which dot the area will be left standing and the units so arranged to take advantage of their beauty. Russ Minter, of Cumberland, is the architect.

Housing officials, with whom the local group has been working, stated that this will be one of the most beautiful developments ever to be erected. No two units will be alike. Some will be single and others double with split levels. The entrance to one will be from one level and the entrance to the other from another level.

All applicants for the development will be screened carefully before being accepted.

There will be two roads into the development. One will be located to the right of the pavilion and the other at the corner of Park Lane and Water Street. Some homes will face Park Lane and Water Streets, and will have their entrances from those streets. There will be no through streets.

## PPG Announces Two More Top Official Moves

The appointments of Merle M. Eakins as general manager, plate glass plants and of Stephen Jeckovich as general manager, production services, have been announced by Robert M. Hains, vice president-elect of production, glass division, of Pittsburgh Plate Glass Company.

Mr. Hains said the new appointments will be effective August 1.

Mr. Eakins, who is currently serving as plant manager at Crystal City, Mo., will succeed Mr. Hains. Mr. Eakins joined the company in 1929 as an industrial engineer at Crystal City and also served in supervisory capacities at Ford City, Pa.

He was reassigned to the Missouri plant as assistant manager in 1957 and was appointed manager of the Crystal City plant in 1959.

Mr. Jeckovich, presently manager of the Creighton, Pa., plate glass plant, will move to Pittsburgh and will be in charge of all production staff functions in his newly-created position.

He has been associated with Pittsburgh Plate in various supervisory capacities since joining the Creighton works as an industrial engineer in 1947.

## Creek Road Drainage Case Aired

Chief Judge Morgan C. Harris took under advisement in Allegheny County Circuit Court yesterday a Creek Road dispute involving water drainage.

This action came after some 13 residents of the road just off of Williams Road at the city limits testified in a day-long session.

Rival attorneys then agreed that Judge Harris should designate an independent engineer, who should advocate steps to be taken to remedy the condition.

Stanley T. Oldaker and Goldie C. Oldaker, his wife, and William F. Whitmer and Una Dale Whitmer, his wife, filed the equity suit March 3 against George McGee and Frances McGee, his wife. Their aim was an injunction to stop the alleged improper drainage.

The bill of complaint contended that the natural drainage in the rear of the property carried surface water over the Oldaker, McGee and Whitmer properties along Creek Road to Evitts Creek. The complainants say that last year, Mr. McGee started a trailer court on his property. In so doing, the complainants add, the elevation of the ground was raised and the natural drainage run was filled with dirt.

As a result, they say, the water

## W. Va. Leader To Leave Demo Parley Early

LOS ANGELES (AP) — State Sen. Ward Wylie, chairman of West Virginia's delegation and a Kennedy booster, figures he has accomplished his mission in the Democratic National Convention.

The veteran legislator, who is also a surgeon and operates an 80-bed private hospital, said he would be unable to remain in Los Angeles for Sen. John F. Kennedy's speech Friday night accepting the presidential nomination. Instead, he will return home to Mullens, W. Va.

"I guess my work here is about done," he sighed.

But the secretary of West Virginia's delegation has a date Friday with Kennedy.

Alfred F. Chapman said the Massachusetts senator had asked to meet with him and lay plans for the November election campaign in West Virginia.

Chapman and Wylie were leading backers of Kennedy in the senator's victory in the May 10 West Virginia primary — a high-water mark in his pre-convention advance to the nomination.

backed up onto the Oldakers' property and overflowed onto the Whitmers' land.

## Baltimore Was Site Of 18 National Conventions

National political conventions this year are being held in Los Angeles and Chicago but there was a time when Maryland's largest city of Baltimore was the focal political point about this time of year.

As a matter of fact the very first national political convention was held in Baltimore in 1832 when Andrew Jackson got the Democratic nomination and went on to win a second term.

In the 40-year period between 1832 and 1872 there were 17 national political conventions in Baltimore. The six men who got nominated in Baltimore and went on to November victory were Jackson, Martin Van Buren, the 1836 Democrat winner; Zachary Taylor, the Whig candidate in 1848; Franklin Pierce, the successful Democrat in 1852; Abraham Lincoln, the Republican winner in 1864, and finally, Woodrow Wilson, the Democrat who won in 1912. That was the last of 18 political conventions in Baltimore.

Among those nominated in Baltimore who failed to win election were Senator Henry Clay, the Whig nominee in 1844; General Winfield Scott, who carried the Whig banner in 1852, and Horace Greeley, nominated by the Democrats in 1872.

Just 100 years ago, Baltimore was the scene of much election-

## Three Allegany (Continued from Page 30)

year activity which led to the start of Civil War. That was the year the Democrats split and Abraham Lincoln thereby won election.

On June 15, 1860, Baltimore was filled with convention delegates and at that time a split over Stephen A. Douglas appeared likely. A week later, the Virginia and North Carolina delegations withdrew from the Baltimore convention. On June 24, 100 years ago, the Baltimore convention divided.

After that split, the Regular Democrats nominated Douglas and Fitzpatrick and the Secession Democrats Breckinridge and Lane.

Miss Anderson is a member of the Allegany County Historical Society, the Cumberland National Dinner Club and First Presbyterian Church. She also is vice president of the Cumberland Branch of the American Association of University Women.

The third retiring teacher, Miss Baker, has been a member of the Allegany High School faculty since 1942. Before coming to this county in that year she had 17 years of teaching experience, including a number of years at Martinsburg, W. Va., High School.

## Ghana Offers Aid To Congo

ACCRA, Ghana (AP) — Ghana said Wednesday it is ready to give military help—troops and equipment—to the Congo. It warned that non-African interference in Congo affairs would be regarded as unfriendly and aggression.

Reports to Brussels from Leopoldville said Congo asked Ghana to send troops after a Congo parliamentary debate in which a minister accused Belgium of war on the Congo.

Ghana's position was given at a news conference by Kwaku

Boateng, newly named information and broadcasting minister.

He said the government was in touch with a six-man mission it had sent to Leopoldville and that some reports of the Congo situation have been exaggerated.

He said Ghana wanted to make it clear that it does not admit the "right of the (white-ruled) Federation of Rhodesia and Nyasaland to intervene, militarily or otherwise, in the affairs of an independent African state."

Congo And Boxers: Historical Parallel

The situation in Congo, in a sense, closely parallels the international joint police action in the Boxer Rebellion crisis in China 60 years ago. The Boxer movement, dedicated to extermination of foreigners and foreign influence in China, had grown into a real threat through the covert support of the Chinese royal court. Europeans were murdered and the British legation compound in Peking was besieged. In June 1900 all the interested powers dispatched naval and military forces to the vicinity of Tientsin. After initial reverses, a joint expedition of 20,000 men, including 5,000 Americans, accomplished the rescue mission.

Belgian reinforcements for the Congo were sent at the reported request of Justin Bomboko, Congolese foreign minister. They would be justified by the Belgo-Congo treaty of friendship and collaboration signed on June 29, the day before formal independence was granted.

The very need of police in the Congo emphasizes that the Belgian failure in timing of independence was military as well as political. The latter was only the more apparent. Belgian authorities never permitted the natives to participate in political or governmental affairs, and few of them were trained above the lowest level in administration and civil service. For stability after independence was achieved native Congolese as well as Belgians counted on continued European help—in the form of advice and administration as well as of economic aid.

The breakdown of discipline in the army, the second of the twin pillars on which Congolese unity was to be constructed, came as a surprise to many Europeans. The national army (*force publique*), with its hard core of Belgian officers, had been considered able to stand against any kind of political chaos. Instead it proved the first pillar to crack.

These Days

By George E. Sokolsky Historical Necessity

Whoever is elected President of the United States in 1960 will face the crucial problem of Russian opposition to the United States and will have to handle it in the same way. It will not matter at all whether a Republican or a Democrat is elected; he will be forced by historical necessity to respond to the Russian challenge. The difference between one man and another can only be how fast he is in replying to Russian initiative. Much will depend upon who is Secretary of State. The Cuban fiasco proves beyond question that some of the deskmen in the State Department cannot be trusted. A knowledgeable Secretary of State cannot be deceived by deskmen. A well-informed President cannot be confused by deskmen. Fortunately the candidates of both parties are well-informed men.

The Russians now have a new purpose: they will contain the United States. They will seek to establish Soviet satellites in Cuba, Mexico, Venezuela and possibly Panama. They will seek to break up NATO.

This is a war of attrition. The objective of Soviet Russia is to defeat the United States without fighting a war. It can be done. It can be done by three devices:

- 1. By destroying the value of the dollar in world markets;
- 2. By stimulating riots in NATO and Allied countries. Student riots have already taken place in Korea, Japan, Turkey, Cuba, Italy, and will occur wherever Communist parties succeed in organizing them. One took place in San Francisco.
- 3. By mass disturbances in African, Asiatic and Latin American countries, so that there is constant disturbance without actual war.

This program is now in being. It is the successor program to "The Spirit of Camp David" which was the result of Khrushchev's visit to the United States. "The Spirit of Camp David" was a curious policy: it implied a deal between President Eisenhower and Nikita Khrushchev for the domination of the Earth. Apparently President Eisenhower did not understand that there was such a deal. Khrushchev became bitterly anti-Eisenhower because he did not understand why Eisenhower did not understand what was talked about at Camp David.

In a word, "The Spirit of Camp David" was confusion throughout—meaningless, purposeless confusion. It has been followed by the new policy of American containment.

Jay Lovestone, who was once high in the councils of the Communist Party and who is one of the most aggressively active anti-Communists in the world, writing for the "AFL-CIO Free Trade Union News," says:

"Khrushchev has always met the slightest dissatisfaction in the armed forces with intensified ideological activities and increased Party control especially of the officer corps. Towards this end, an increased number of periodicals have been published since the beginning of the year to propagate the Communist Party viewpoint in the Army. Several days before the Paris blow-up, there was held a conference of secretaries of the party organizations in the Army. It was devoted, among other objectives, to the strengthening of party surveillance of the armed forces.

Concerning China, Lovestone writes: "Of course, there are differences between Moscow and Peiping in regard to international and other matters. But these differences are in approach, in respect to propaganda forms, and not over principles. Between Moscow and Peiping, there is absolute unity over the ultimate goal of Communist world domination. For a number of reasons, Communist tactics are more rigid and inflexible, more intransigent and aggressive, than Moscow's. Mao Tse-tung's China is in an earlier stage of revolutionary development than Khrushchev's Russia. During the comparable stage—thirty years ago—Moscow's international propaganda line also was harsher and harder against the democracies than it is today. In those days it was Moscow which pursued an ultra-left course."

In all this, Lovestone is correct. The Free World has been deluding itself about a split between the Kremlin and Peking. There has never been an indication of such a split. There has never been even a slight indication of such a split. It is very much like President Eisenhower not being able to understand what is happening in Cuba. What he calls "inexplicable" has never been inexplicable. It has been clear from the very start: Castro has produced a Soviet satellite state in the Caribbean.

Surely we are sufficiently mature in the United States to face facts without doubt and without despair. Only small boys need to whistle in the dark.

Party Conventions: Essence Of Hypocrisy

By David Lawrence

LOS ANGELES—A most important question to watch as an aftermath of the Democratic conclave here is whether the current backstage bitterness will affect the stack of unpassed bills waiting in the legislative hopper back in Washington.

The minimum wage bill, medical aid to the aged, a billion-dollar bill for schools and teachers' salaries all await passage. And the two key men who can control their passage are the gentlemen from Texas who were unmercifully whipped in almost every move made at this convention.

Speaker Sam Rayburn, behind-the-scenes campaign manager for Lyndon Johnson, is 78 years old and has been in Congress 47 years. He was whipped by a young campaign manager for Senator Kennedy, Bobby Kennedy, who has never even run for office.

Senator Johnson is 51 years old, has been in national politics, either elective or appointive, for 25 years and has ruled the Senate for 10 years. He was outmaneuvered at every turn by a young Senator from Massachusetts who has been in public life only 14 years.

Rayburn and Johnson are proud men. They are also sensitive. Underneath their smiles and affable handshakes lurk blazing tempers. Will they go back to Washington to pass the legislation that will enhance the chances of the two young brothers who rubbed their political noses in the dirt?

In public statements they will. They will clasp hands and vow unity. But public pronouncements and legislative production are two different things especially when some of the key legislation faces bitter Republican opposition and probable White House veto.

There's another factor which few people know about. George Meany, powerful AFL-CIO president, undercut Johnson in the backstage huddles in the hotel rooms of Los Angeles. In Washington, Johnson had worked closely with Meany in regard to the labor legislation. Meany's Capitol Hill lobbyist, Andy Biemiller, was in and out of Johnson's office like a shuttlecock

during the Landrum-Griffin labor bill fight. But the AFL-CIO secretly threw its weight against Johnson in Los Angeles even for the job of Vice President.

Just three weeks from now operations resume in Washington. The two bills the AFL-CIO wants passed must be minimum wages and medical aid for the aged. Johnson and Rayburn will largely control the fate of these bills. Bobbies At Odds

The two Bobbies bumped into each other in the lobby of the Billmore Hotel the other day—Bobby Kennedy, the tough, shrewd operator behind his brother's campaign, and Bobby Baker, smiling, equally shrewd South Carolinian who is Senate assistant to Lyndon Johnson.

Bobby Baker invited Bobby Kennedy to have breakfast with him. As the breakfast neared its end, Bobby Baker said to Bobby Kennedy:

"You know, Bobby, Lyndon doesn't mind any of these things you've been doing to him and saying about him except for just one thing.

"He couldn't quite forgive that story that was put out in Dallas, Houston and Austin just before the Democratic Texas Convention that Lyndon Johnson had just died of a heart attack. The Houston Post got 3,000 phone calls in one day, and Lyndon just didn't think that was quite crick."

"You don't mean to say you think we would do a thing like that," remonstrated Bobby Kennedy.

"When that story crops out in the three biggest cities of Texas on exactly the same day one day before the Texas convention and your brother Teddy is in Texas," replied Baker, "what do you expect us to think?"

Bobby Kennedy slammed two dollars on the table to pay for his share of the breakfast and walked out.

So, despite the smiling poses for the cameramen, a lot of deep wounds will have to be healed among the candidates.

Convention Bitterness May Affect Outcome Of Pending Legislation

By Drew Pearson

LOS ANGELES, July 14 — Senator John F. Kennedy has taken the plunge — he has heartily endorsed the most radical and divisive platform the Democrats have ever adopted.

It means the loss of electoral votes in the South, but the Massachusetts Senator is confident of offsetting this with votes in the northern states.

This convention has come to a sad climax. It didn't nominate Adlai Stevenson, the true disciple of New Dealism and so-called "liberalism." It didn't nominate Lyndon Johnson, the apostle of safe and sane liberalism. It gave no thought really, as a convention, to any basic principles, but obeyed the dictates of a small clique, hand-picked by Senator Kennedy to write the platform and steamroller the convention.

Nothing could have been more discouraging to the American people to watch than the real spectacle of what has been going on inside the convention. They couldn't, of course, see this on the television screen. But the indifference of the delegates — the bored look, for instance, on the faces of many of them as vital principles of public policy were being presented in the majority report of the platform committee — was very revealing. It told a story of the utter failure the convention system to reflect the wishes of the people on the issues of the day.

Senator Kennedy's nomination was a foregone conclusion long before this convention assembled.

This writer observed the signs many months ago as he learned of the efficiently political way the Kennedy apparatus — well-financed and well-organized — was selecting delegates and using local influences on the political front to make all kinds of promises to win delegate support. This is not the manner in which the American people should be choosing their Presidential candidates. A platform, for instance, is supposed to be an expression of party thought. Yet, as the chairman was reading the ponderous phrases, the delegates were busy talking among themselves or moving around the convention floor.

Frank Sinatra, the movie star, came along and began shaking hands with some California delegates as the ever-present photographers gathered around him. The celebrities of the Hollywood stage were very much in evidence. Sideshows seemed to interest the delegates more than the main tent, with its debate on the party platform. When the Southern leaders got to the rostrum to express their dissent on the "civil rights" plank, there was a slight pick-up of interest. The galleries booed the Southerners as their leaders tried to tell the convention that they may be making it hard for the Democratic national ticket to carry the South this time.

Senator Ervin of North Carolina, formerly a justice of the State Supreme Court, told the delegates that to adopt the majority's plank was to run counter to what a majority of the Senate, including a majority of the Democrats, had three times voted down in the last few years. James Gray of Georgia, Governor Hollings of South Carolina, Barnett of Mississippi and Almond of Virginia, and Senator Holland of Florida made eloquent speeches. They were in dead earnest as they pleaded with the delegates for dispassionate consideration. But all this fell on deaf ears. The audience seemed cold and adamant.

For the convention was being steamrollered on the party's platform just as one the selection of a candidate. There wasn't even a

record vote. The chairman took it for granted that, despite the loud shouts of the "noes," the "ayes" were a bit louder and that this meant a majority wanted to adopt the platform as presented by Chester Bowles, chairman of the resolutions committee.

Incidentally, if any Democratic Party speakers in the coming campaign refer disparagingly to "Madison Avenue technique," they can do so only with a sense of guilt. For Mr. Bowles dramatically used movie film, with pictures of Red Chinese and Russians, to illustrate a point in the platform — how strong the enemy is getting to be. He displayed pictures, too, to emphasize points on "civil rights." It all added up to a show which interested the delegates a little more than the platform phrases. But, all in all, it was a disappointing affair. What should have been a real debate on party policy was just a routine presentation. Maybe a national convention isn't the place for debate on serious subjects. But some day the American people will ask: Why hold a convention if it isn't to articulate the wishes of the voter? Why talk about "civil rights" when a platform is adopted that would deprive people on every side of their civil rights in the field of employment and private-school education?

As one apologist who spoke for the majority report put it, a platform is only a "blueprint" and it is "only for four years." But Senator Kennedy now has endorsed it. Does that mean he will work to carry it out, or will he see its pitfalls and evade what the platform proposes? If so, it will be added proof that it is permissible to promise everything at a national convention and, when elected, to give little. Thus does a convention nominate a candidate the party really doesn't prefer to the other possible choices, and thus does a convention adopt a platform which pledges the party to do everything better than the predecessor administration did, but never indicates how. The platform and the nominee, in effect, promise perfection. That's what makes party politics today the essence of hypocrisy.

Jim Bishop: Reporter

By Jim Bishop

One of the sweet and graceful liars of history was Captain John Smith of the Virginia Company. He told stories so well that, if they were not true, they should have been. He is the man whose life was saved by the Indian princess Pocahontas.

The verifiable truth and the unverifiable are so braided in John Smith's life that historians have despaired of him. He was born in 1579 in Willoughby, Lincolnshire, England. His father died when John was 17 — probably while the youngster was telling him how well he looked.

Young John went off to the wars and claims to have fought against the Turks. He fought so gallantly that Prince Sigismund Bathori (who has never been located) gave John a coat of arms and a pension of 3,000 ducats. In a battle across Transylvania, he was captured and sent to Turkey as a present for the Pasha's wife.

It is at this point that Captain John begins to bend the truth like a tired bobby pin. He never tells us who sent him as a present. If it was the Pasha, the Turk must have been battle-happy. The lady behind the veil fell in love with Smith and, to save his life, sent John to her brother's place near the Caspian Sea.

Someone made a slave of John. He killed his owner and made it back to England in 1605. Two years later, he was off to the American Colonies with the Virginia Company. On May 22, 1607, Captain John and his inexhaustible font of romantic stories got off the boat at Jamestown, Virginia.

Smith was a member of the Council in Virginia, but he was never good at being a member of a team. He disagreed with the others, faced a charge of conspiracy on the voyage to America, won an acquittal and, in the first winter, saw two-thirds of the new colonists die.

One thing is certain about Smith: while the other council members were weeping over the famished colony, John went out and bought corn from the Indians. He must have given them a little of his own corn in exchange, because he was captured by Chief Powhatan and condemned to die. Powhatan was a big man and surly. He had a tepee full of daughters and no sons. The only time he was known to smile was when he was ambushing the colonists.

The white men made him an emperor, but he blew up when they asked him to get on his knees so they could crown him. Powhatan figured that he knew that game better than they. There would be no kneeling, and certainly no crowning.

He was happy when his braves brought John Smith in. At once, Powhatan decided to find out what the white man was using for brains, so he ordered his men to get two huge round rocks. He then told the warriors to arm themselves with big fat clubs. They pranced with happiness and told Powhatan how

happy they were to be poor stupid savages rather than big wise palefaces about to be knocked off.

Captain Smith put his head on the two rocks and a few braves began to take practice swings with two clubs. They were ready to drive all romantic thoughts out of John's head when Pocahontas (it means "playful one") came bounding out of the tepee and grabbed the white man's head and placed her own against it.

This made the chief so mad he blew his feathers. No entreaty could make her separate her head from Smith's, so Powhatan called off the execution in disgust and sent Smith back to the Virginia Colony.

Years later, Pocahontas was captured by the British while visiting the Potomacs. She was 18, and Powhatan had sent her to find a brave who was not too brave. Captain Samuel Argall of H.M.S. Treasurer brought Pocahontas to Jamestown, where she became a prisoner. There is no record that Captain John Smith ordered her to be freed, although it is possible he was back in England by that time, writing his memoirs.

The British treated her with courtesy, converted the princess to Christianity, baptized her, and gave her the name of Rebecca. She was introduced to an Englishman named John Rolfe, who fell in love with Pocahontas and asked Governor Dale's permission to marry her.

Dale, no fool, figured that a union between the whites and Indians would be bound to slow Powhatan's ambushes, so he gave gracious permission. Later, as Mrs. Rolfe, she visited England and died unexpectedly at Gravesend.

Captain John was still shoveling when his end came in 1631. He was in England writing a book called "Advertisements for the Unexperienced Planters of New England, or Anywhere" when he popped off.

Lung Cancer Outlook Bleak But Not Hopeless

By Dr. Theodore R. Van Dellen

Cancer of the lung is one of the most lethal of all malignancies. Less than 10 per cent of all victims survive more than 5 years, regardless of how early the condition is detected or the treatment recommended. This picture is dismal at best.

Furthermore, the condition is 10 times more prevalent among men today than it was in 1930.

Authorities in this field blame cigaret smoking and cite 28 separate studies to support their contention. Yet they recognize that smoking is not the only cause and implicate air pollution and certain occupational factors.

These scientists feel that since smoking is a personal habit, everyone is entitled to take his own risk. In simple language, "You can lead a horse to water but you can't make him drink." This is ironical, considering the attitude of our Food and Drug administration toward eliminating from food all chemicals that cause cancer in rats and mice when employed in tremendous amounts.

Surgery is the best treatment for lung malignancies. It is advised when the lesion is confined to the lung and there is a good chance of removing all the malignant cells. The surgeon hopes he can do so, but considering the poor outlook in this type of cancer, it is obvious that for many, a few cells have strayed beyond the tumor by the time the operation is done.

## Making Apple Butter

In bygone days, it was common practice to cook apple butter for six or eight hours. The recipe given below doesn't take so long because the quantity is smaller and less cider is used. If you can't come by sweet cider, substitute apple juice plus 4 or 5 drops of red food color.

Better make an extra batch or two to use for pie filling. For a nine inch pie, add a few dates or raisins, chopped nuts if you have them, and a dab of dairy butter to two cups homemade

10 or 15 minutes, or until brown as liked.

To Make Apple Butter—Wash and slice 6 pounds (about 1/2 peck) tart apples into kettle. Add 1 pint cider and cook until apples are mushy. Press apples, and juice through sieve to remove skin and seed. Boil apples until thick, then add 1 1/2 teaspoons ground cinnamon, 1/2 teaspoon each cloves and salt and from 1 to 3 cups sugar to 1 cup sieved apple, but you may prefer more or less. Cook mixture until thick enough to round up in spoon. Watch it! Takes a heap of stirring to prevent sticking and scorching. Butter spatters, so stir with long handle spoon or paddle. Pour boiling hot butter into fruit jars. Put lid on jar.

screw band tight. Process pints and quarts 10 minutes in a boiling-water bath.

### NOTICE TO PROPERTY OWNERS

Notice is hereby given that at a meeting of the Mayor and City Council of Cumberland, Maryland, to be held in the City Hall at 10:00 o'clock A. M. E.D.S.T., August 8, 1960, an ordinance will be introduced providing for the closing of EAST LANE — A 15 foot street in the Tusculum Addition to Cumberland, Maryland, between its intersection with the Eastern side of Fayette Street and the Western side of North Terrace, a distance of approximately 100.25 feet.

The Ordinance will also provide for the appointment of Commissioners to award compensation and to assess benefits to any person, persons or corporation owning property on said street which may be closed and who may be affected thereby.

Hot Weather Treat

Frozen Cereal-Coconut Balls are a gay, refreshing dessert that requires a minimum of preparation. Generous balls of vanilla ice cream—two or three to a pint—are rolled in a cereal-coconut mixture until completely covered. Then stored in freezer until serving time, but not longer than 6 hours.

Serve the Cereal-Coconut Balls plain or with chocolate, butterscotch, or fruit sauce. Such a

dessert, in addition to being so quick and easy to prepare, packs a good nutritional wallop! Cereals, when used as an ingredient in recipes, make contributions of protein, important B vitamins, essential minerals, and food energy.

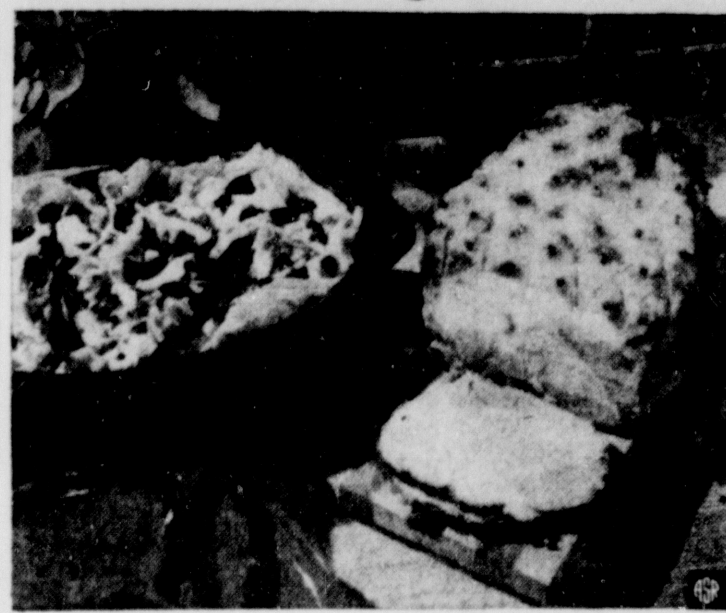

FROZEN  
CEREAL-COCONUT BALLS

3 cups corn puffs, regular cocoa, or fruit flavor, or 3 cups presweetened wheat and oat cereal, or 3 cups cocoa-flavor oven-

toasted rice cereal 1 can (3½ ounces) flaked coconut 3 pints vanilla ice cream.

Combine cereal and coconut in mixing bowl. Shape ice cream into large balls, using ½ to 1 pint ice cream for each ball. Roll each in the cereal mixture until ice cream is completely covered. Place on tray in freezer to harden until serving time. Do not store longer than six hours. Serve plain or with chocolate, butterscotch, or fruit sauce. Yield: 6 to 9 servings.

Join Picnicking Parade

One of the greatest joys of summer is picnicking, and picnicking means good food and plenty of it. An excellent buy for the main dish is canned ham as it's easy to cook, to carry and to serve. Return the cooked ham to its can, or put it on a cutting board, and wrap with aluminum foil. To go with the ham wonderfully crisp, tangy Kidney Bean and Cabbage Salad is a wise choice. Take the salad in a covered bowl with the lettuce wrapped separately. Add to the picnic basket: a jar of pimiento, cheese and olive spread, buttered bread, potato chips, brownies and chilled canned fruit juice drink.

Kidney Bean and Cabbage Salad 2 cans (17 oz. each) red kidney beans

¾ cup coarsely chopped cabbage 1 cup chopped sweet-sour pickle ¾ cup seeded raisins 2 tablespoons minced onion ¼ teaspoon celery seed ½ cup mayonnaise ¼ cup chili sauce Salt

Mix chilled and drained kidney beans with rest of ingredients. Add salt to taste. Twelve hearty servings.

To Glaze and Bake a 6 Pound Canned Ham

Mix ¾ cup brown sugar, 1 teaspoon dry mustard and 1 tablespoon pickle juice. Pour over ham and bake in a slow oven (325 degrees) about 15 minutes per pound, basting occasionally.

## Grandmother's Formula For Best Fried Chicken

The old ideal for culinary perfection, "just like mother used to make," is rapidly being supplanted by a still higher goal, "even better than grandmother used to make." Grandmother's cooking was known not only for its excellence but its reliability: she got the best results every time.

If you're cooking a fried chicken, for instance, how is it possible to surpass grandmother's achievement? Well, you start with a leaf from grandmother's book — a can of evaporated milk. This staple, which grandmother may have depended on to get her sure-fire results, is as good as ever, perhaps even better. Evaporated milk will

Q. What is the name of these meat cuts?

A. Shoulder chops of hemic and blade tripe.

Q. Where do they come from and how are they identified?

A. They come from the square cut shoulder of lamb. The arm chop has the small round bone and portion of ribs. The blade chop contains portions of ribs, blade and back bones.

Q. How are shoulder chops prepared?

A. They may be broiled, pan-broiled (if cut thin), pan-fried or braised.

help you cook a golden, evenly coated chicken every time as well as to prepare a rich, creamy gravy to go with it.

Chickens are also better than ever. These days, the broiler industry raises birds scientifically to produce chickens that are tender, meaty and delicately flavored. Grandmother's chicken probably couldn't hold a candle to the ones you can buy now at every supermarket.

### Golden Fried Chicken And Creamy Gravy

- 1 tall can (1½ cups) evaporated milk
- ½ cup plus 2 tablespoons flour, divided
- 2¼ teaspoons salt, divided
- ½ teaspoon paprika
- ½ teaspoon pepper
- 1 broiler-fryer chicken, cut in serving pieces
- Fat for frying
- 1 cup stock from cooking giblets
- Cooked chopped giblets

Pour evaporated milk into shallow pan. Combine ½ cup of the flour, 1½ teaspoons of the salt, paprika and pepper in another pan. Dip chicken pieces in evaporated milk, then roll in flour mixture. Reserve remaining evaporated milk for Creamy Gravy. Preheat fat ½-inch deep in skillet. Brown chicken in hot fat, about 30 minutes, or until tender, turning to cook evenly. Remove chicken; keep hot. Drain off all but 2 tablespoons of the fat in skillet. Add remaining 2 tablespoons of the flour and ¼ teaspoon of the salt and stir until smooth. Add stock and cook, stirring constantly, until mixture thickens and comes to a boil. Add reserved evaporated milk and giblets and heat to serving temperature. Serve with hot cooked rice. YIELD: 4 servings.

Pancake mix is an inexpensive substitute for costly milk and egg batter for such foods as fricassee chicken or fish.

## No Hot Water For Ice Trays

Never wash ice cube trays in HOT water, use WARM sudsy water and rinse thoroughly. If, after long use, ice cubes begin to stick to the tray, trays and grids may be reaxed with special spray-on tray wax and then will work good as new.

## Asparagus And Cheese

Native asparagus are available in many sections of the nation right now which is why this delicious vegetable becomes the center of attraction at so many meals. The following recipe, featuring herb-seasoned packaged stuffing, is especially adaptable to a summer luncheon, but should make the male of the house happy in the evening as well.

Arrange small individual bundles of cooked tips on thin slices of freshly made toast in an earthenware dish. Pour over each portion some well-seasoned cream sauce and sprinkle with herb-seasoned prepared stuffing mixed with equal parts grated cheese. Dot generously with butter and bake in a hot oven until delicately browned.

## Eat Good Breakfast And Lose Weight!

Science has demonstrated that a weight-reduction program felt you can eat a good breakfast and better and performed better, especially in the late morning hours. The State University of Iowa when they had an adequate breakfast demonstrated that skipping breakfast or eating breakfast did not make the subjects lose weight on a weight-reduction program. It has been established that such remained constant. Subjects on a breakfast should provide one

fourth of the daily caloric requirements and protein allowance, with not less than 15 grams of protein. Here is a breakfast which meets these requirements for women 25 to 65 years of age on a moderate weight-loss plan. 400-calorie

### Weight-Reduction Breakfast

- Orange Juice, ½ cup
- Cereal, dry weight, 1 ounce with Milk, nonfat, 1 cup and 1 teaspoon sugar
- Bread, white, enriched, 2 slices
- Butter, 1 teaspoon

## Caramel-Chocolate Treat

The dessert problem is more than half solved when you've a spoonful onto greased and flour-batched of homemade cookies at hand, to team up with a fruit in season, with ice cream or with a combination of the two. Both caramel and chocolate chips are used in these chewy drop cookies, with coconut and cereal adding flavor and texture.

### Caramel-Chocolate-Coconut Chews

- ¼ cup chocolate chips
- ½ cup caramel chips
- 2¼ cups corn flakes (well packed but not crushed)
- ½ cup flaked coconut
- ¾ cup sugar
- 2 eggs, well beaten
- 1 teaspoon vanilla

Combine chocolate chips, caramel chips, coconut, and cereal. Mix well. Then add eggs for serving. Add sliced green and vanilla and mix well. Let onions to the vegetables.

### FOR LAGGING APPETITES!

To whet the lagging summer appetites for fresh vegetables, try serving them marinated in garlic French dressing. Cook fresh whole green beans until tender. Drain and cool. Add dressing and chill several hours in refrigerator. Broccoli, asparagus, wax beans would also be good served this way. For a gourmet touch, wrap several stalks or whole beans in thinly sliced, cold cuts or baked ham.

# Milwaukee Braves Score 4-0 Win At Pittsburgh

## Mathews Belt Clears Right Field Stands

**Burdette Rescues Bob Buhl In Ninth; Haddix Loses Fifth**

PITTSBURGH (UPI) — Eddie Mathews drove in three Milwaukee runs Thursday night with a home run and triple to help the Braves to a 4-0 shutout victory over the Pittsburgh Pirates.

The third baseman recorded his 17th homer of the season in the fifth inning when he belted Harvey Haddix's pitch over the right field stands, scoring behind Bill Bruton.

Mathews made Forbes Field history Thursday night when he became the only player to clear the right field stands twice. Last year he cracked a Bob Friend pitch over the roof to join an elite circle of sluggers headed by Babe Ruth.

The right field stands were built in 1927. Bob Buhl, who picked up his ninth win, needed help in the ninth inning when the Pirates tried to start a rally. Bob Skinner and Dick Stuart slapped back-to-back singles to bring in Lew Burdette. Roberto Clemente bounced a ball to second which Chuck Cottier fielded, but he knocked down Stuart. Stuart was dazed and a consultation of several minutes followed. The umpires ruled Clemente hit into a force play and Stuart was declared out.

Smoky Burgess and Don Hoak were retired and that was the ball game. Mathews scored the last Milwaukee run in the ninth when he tripled off Fred Green. Joe Adcock bunted down the first base line and Mathews beat Stuart's throw to the plate. Mathews accounted for the first Braves run with a first-inning double scoring Bruton.

But he made history with his homer. The first field stands were erected in 1927 but it was not until May 25, 1935, that Ruth, delivering his 714th and last homer of his fabulous career, poled the ball over the roof. Since then Ted Beard and Bob Skinner, Wally Moon, Mathews and Mickey Mantle duplicated the wallop.

Haddix Loses 5th  
Haddix, who yielded 12 of the 15 Braves hits, was charged with his fifth loss against six victories. Buhl had a three-hitter until the ninth inning uprising. The loss cut Pittsburgh's N.L. League lead to four games.

American Division

Jack Long pitched a 4-hitter and struck out ten as the D.A.V. downed the Fraternal Order of Police yesterday at Naval Reserve Field by the score of 11-2 and moved within a game of first place in the American Division of the Rec Softball League.

The deadlocked leaders own 6-0 records.

Ronnie Peters collected two of the four blows credited to the Gendarmes who suffered their seventh loss in eight starts.

Louie Arnone started at short for the D.A.V. while Bobby Gibbs obtained two of his team's five hits. Eddie Powelson rapped a two-bagger and walked three times.

Long struck out ten.

At Taylor Field, the Old Germans trimmed the Almo Club by the score of 6-1 on a three-hitter by Jerry Loibel.

Terry Weltman accounted for three of the Old Gee's eight hits with two doubles and a single while Ronnie Bruce garnered a pair of one-base knocks. Rockwell and Huck blasted triples for the Almo Club now winless in nine outings.

## Ridgeley Tops Midland, 10-9

**All-Star Contest Is Set For Sunday**

Ronnie Kenney doubled home two runs in the 6th and final inning to give Ridgeley a 10-9 triumph over Midland in a Maryland-West Virginia Little League game yesterday at Ridgeley.

It was third place Ridgeley's 7th win in 10 outings. Midland's fourth place team is 4-5.

Ridgeley pounded Midland pitchers for 16 hits. Gary Ball batted in five runs with three hits in three official trips and Bernie Benson had three RBIs on a double and single. Joe Crites had three-for-three, Dave Bretmarkle slammed a double and two singles and Donnie McFarland collected a two-bagger and single.

Truly and Jones shared six of Midland's 11 safeties.

Woody Dodrill, who relieved Ronnie Kenney in the 5th, was credited with the win, his fourth against two defeats.

The Barton at Columbia Street Wildcats game, scheduled at County Field yesterday, was postponed on account of rain.

The league will hold its All-Star game Sunday at 2 p.m. at Ridgeley. The North team composed of players from Barton, Midland and Corriganville will play the South team made up of players from Ridgeley, Mt. Royal and the Columbia Street Wildcats. Five players will be chosen from each team for the game. Yesterday's score:

## Extra Inning Games Feature In Chair Loop

**Ritter's P.P.G. And VFW Winners**

A pair of extra inning battles highlighted play in the Rocking Chair Softball League yesterday when Ritter's A. C. edged the B. P. O. Elks in 11 frames, 4-3, and the Pittsburgh Plate Glass Company eked out a 10-9 decision over the Loyal Order of Moose.

The latter result enabled the V. F. W. (12-4) to take a one-game lead as they downed the Knights of Columbus by the score of 8-2. The Moose and Ritter's are now tied for the runner-up spot with 11-5 records.

Doubles by Bill Kirk and John Esposito in the 8th enabled the Glassmen to pull out the decision over the Moose at Stitzer Field.

"Brindle" Long paced the winners with a triple, double and single. Norman Curtis had a triple and single. Bill Thompson a two-bagger and single and Rocky "Colavito" Ingram smashed a home run. Paul Lease had three hits and John Price, Bob Keyser, Dick Klavuhn and Bob Dickel two each for the Moose.

George Stevenson singled and scored all the way from first base on a single through short by Jim Poland to break up the 11-inning battle at Fort Hill.

Stevenson and Poland had three hits, Jack Martin garnered a pair and Poland turned in several nice catches in right for Ritter's. The Elks had only four hits off Glenn Kauffman to notch his ninth win of the season.

Manager Cecil Grimes rapped two doubles and batted in five runs as the Vets stopped the Caseys. It was the fifth win in a row for the league leaders.

Jim Eckard obtained three hits, Vern Penner and Ronnie Cage collected a double and single each and Ted Durbin had a pair of base knocks for the Vets. Collins had two of the Casey's eight hits and Bob Mattingly in left field made a sensational catch of a bid for a home run by George McGregor. The win was Jack Eckard's 8th against two losses. ## Dapper Cardinals Avenge First Loss, Trim Yankees, 12-5

Manager Jim Ellsworth Cardinals avenged one of the two defeats on their record yesterday when they trimmed the Yankees by the score of 12-5 in a Dapper Division game in the Dapper Dan Little League at Constitution Park.

The Yankees handed the Cards their first loss of the current campaign on June 28 by the score of 7-5.

Yesterday's win was the eighth against two losses for the Cardinals and gave them a two-game lead over the second place Phillies (5-3).

Ralph Miller went the route for the Redbirds to post his second win of the season and won his own game in the third frame when he hit a grand slam over-the-fence homer with the score knotted at 3-3.

The Cards completed three double plays to up their total to seven twin killings in the past two games.

Kenny Green collected four of the winners' 11 hits — two doubles and two singles. Bill Wharton and "Spunk" Perlozzo collected two hits each.

Gary Lueck and E. Elliott had a double and single each and Hamilton smacked a pair of one-base hits for the Yankees who are 3-6 to date. Score:

## Barton Downs Franklin, 7-1

Lou Fazenbaker yielded only two hits and whiffed ten yesterday in pitching the Barton Braves to a 7-1 decision over Franklin in a Twilight Baseball League game staged at Barton.

The win was Fazenbaker's sixth against a single setback.

Barton (13-2) now leads Lonaconing (11-4) by two games.

The Braves hammered the offerings of Lefty Dave Wilson for an even dozen blows. Sparking the attack with a double and two singles each were Tom Warnick and "Mouse" Thomas. Ed Warnick and Carlton Robertson garnered two hits each. Ellie Fazenbaker, Woody Symons and Robertson smacked doubles.

Bob White accounted for Franklin's two bingles. Score:

## Reds Will Open Series Tonight At Pittsburgh

**Yankees Hit Road, Play Tigers Today**

By The Associated Press  
After a four-day layoff to play the two All-Star games, baseball's major leagues resume full scale operation Friday night with an eight-game chart.

Pittsburgh held a commanding lead going into the second half of the season and has been made the odds-on favorite to win the pennant.

Although New York's American League lead measures only 2 1/2 games over Cleveland with Chicago charging up fast, the Yanks also are an odds on choice to win another flag.

Cincinnati goes into Pittsburgh's Forbes Field Friday night to open a four-game series. After that the Pirates will hit the road for an extended trip to Los Angeles, San Francisco, St. Louis and Chicago. By the time they get back home again Aug. 2, Pittsburgh should know whether to have World Series tickets printed.

The Yankees open a seven-game road trip Friday at Detroit. While New York is playing the Tigers, the second-place Indians will be at home to Washington for four games.

Al Lopez, finished with his All-Star problems, can turn to the more pleasant chores of trying to move his Chicago White Sox closer to the pace. Lopez' first business will be a four-game home series with the Baltimore Orioles, who are only one game behind him in fourth place.

## Farrell, Owens, Of Phils, File \$100,000 Suit

**Article In Magazine Brings Libel Charge**

PHILADELPHIA (UPI)—Pitchers Dick Farrell and Jim Owens of the Philadelphia Phillies filed suit for \$100,000 damages each, Thursday against Time, Inc., for an article which appeared in the June 13 issue of Sports Illustrated.

The action in U. S. District Court claimed they were libeled in the article, "The Dalton Gang Rides Again," in that it pictured them as heavy drinkers, brawlers and playboys. They asked for a retraction.

The pitchers claimed that the story damaged their athletic reputations and jeopardized opportunities of their gaining employment during the off-season. Attorney Cornelius C. O'Brien

# Two Former Moorefield Athletes Get Coaching Posts

## Harlan Hott Is Franklin High Mentor

Donald Peters Is Named Parker Aide At Romney High

Two former Moorefield High School athletes—Harlan Hott and Donald Peters—will take over coaching posts at schools in the Potomac Valley Conference, commencing with the 1960 football campaign.

Harlan Hott, former football, basketball and baseball star at Moorefield High School under Coach Jonathan Paugh, and graduate of Shepherd College where he played football and baseball, has been named head coach of all sports at Franklin High School in Pendleton county, as successor to Curtis "Gus" Smith, who resigned as grid, basketball and baseball mentor in June after guiding the destinies of Panther teams for four years.

Hott, now a resident of Moorefield, is employed at the Hardy County Board of Education office in Moorefield this summer and hopes to move to Franklin next month. He is married to Joan Smith, sister of "Gus" Smith, who gave up the coaching reins at Franklin. The Hotts have three children—two boys and a girl.

Brother of George Hott

Harlan, a graduate of Shepherd College this year, is the youngest of the four Hott brothers who helped make sports history at Moorefield High School. Warden is the oldest and George, former Shepherd grid and basketball ace, and now is head football and baseball coach at Moorefield High, is next, and is followed by Wendell.

There are three Hotts now serving as head coaches in the P.V.C. Arno is at Capon Bridge High, George at Moorefield and Harlan at Franklin.

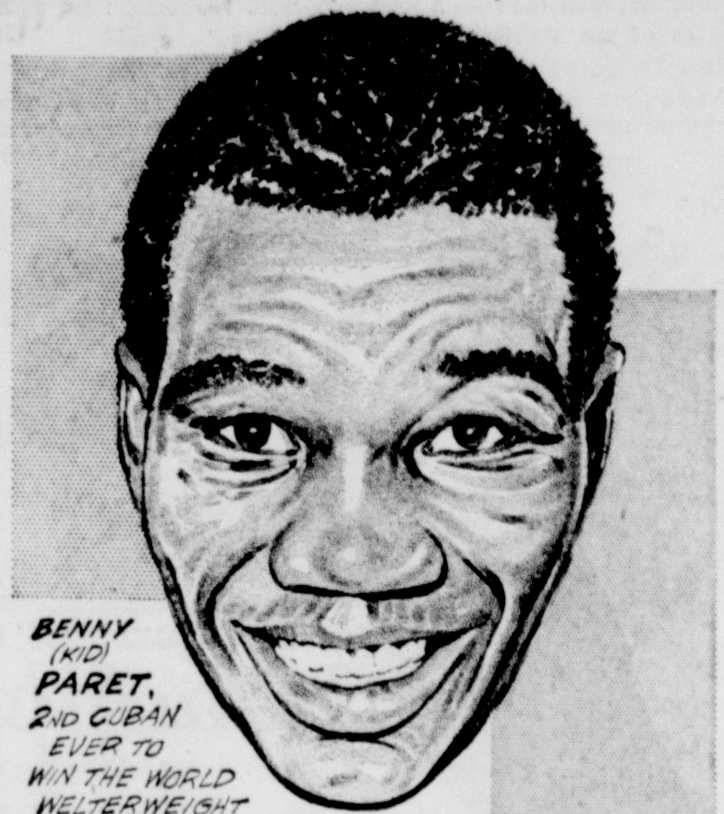

Donald Peters, 22, who played football for two years at Potomac State under Dana "Horse" Lough and two years at Marshall College, Huntington, W. Va., under Herb Royer, has been named head baseball coach and assistant football and basketball coach at Romney High School. Peters also was a member of the wrestling squad at Marshall.

Peters Assists Parker  
Peters will be assistant to Roger Parker, who becomes head football, basketball and track coach at the Hampshire County school. Eddie Hartman, grid mentor, and Clyde Green, who coached football, basketball and baseball have resigned their posts at Romney.

Peters was a three sports star at Moorefield High School under Coach Jonathan Paugh.

Parker was a backfield stand-out at Romney High School under Coach Richard "Dick" McElwee, played football under Eddie King at Morris Harvey (W. Va.) College and earned his Masters degree at Marshall College. After graduating from college, Parker was athletic director at Boys' Home in Covington, Va., where he coached basketball and baseball.

## Barrelville Cops 8th In Row, Walsh Blanks Birds, 5-0

Barrelville extended its winning streak to eight games and Bob Walsh made his record 5-0 by twirling the Pen-Mar Little League leaders to a 5-0 triumph over the LaVale Orioles yesterday at Parkside Field.

The victory was the 14th in 16 starts for Barrelville and gave the pacesetters a lead of 2½ games over the runner-up Crestapton Eagles (12-5).

Walsh limited the Orioles to two hits — singles by Wiley and Kamnauf — while Barrelville collected six hits off Wiley, Foote and Davis. Robison obtained a double and single to pace the victors.

## Mary Ann Downey Eliminated From Trans-Mississippi

CINCINNATI (AP)—Three veterans of Curtis Cup competition and a 17-year-old high school senior Thursday won their way into the semifinals of the 30th annual Women's Trans-Mississippi Golf Tournament.

Battling their way through two rounds Thursday and moving into Friday's round of four were Judy Eller of Old Hickory, Tenn., and JoAnne Gunderson of Kirkland, Wash., both members of the 1960 Curtis Cup team. Mrs. Jason Weiss of Indianapolis, a 1958 Curtis cupper, and Sandra Haynie, the hot-putting high schooler from Austin, Tex.

Friday's semifinals will pit Mrs. Weiss against Miss Haynie and Miss Eller and Miss Gunderson in the second.

Mary Ann Downey, of Baltimore, was eliminated by JoAnne Gunderson, 3 and 2, on the 16th green.

# Major Leaguers May Cut Back To One All-Star Game

## Kuenn Favors Scrapping Of Second Game

Will Confer With Friend And Ask For Vote Right Away

NEW YORK (AP)—In the wake of the disappointing attendance of 38,362 Wednesday at the second All-Star baseball game at Yankee Stadium, the major league players are expected to vote next week whether to cut back to one game in 1961.

The players asked for a second game last year and it was scheduled for Los Angeles about a month after the first game at Pittsburgh. This year two games were scheduled within a three-day period at Kansas City and New York.

Commissioner Ford Frick said he would be guided by the players' wishes.

Frick said there was no contractual obligation with any TV sponsor to run a second game in 1961. The TV fee of \$250,000 for each game and the game receipts go into a central fund. The player pension fund gets 60 per cent, the owners get 40 per cent.

Harvey Kuenn of Cleveland, the American League player representative, said he will contact Bob Friend of Pittsburgh, National League player representative, and ask for a vote right away.

"The pension fund is a good cause," Kuenn told newsmen. "But I think we can do without the second game and help ourselves more. We'll pay off the pension with only one game, even if it takes a year or so more."

"I was for the two games when we voted last time. But seeing the fans' reaction and the ball players'—well, if I hadn't played in the two games I might still be for it. You can get hepped up for one. The second one is just not the same."

Frick said the 400 players would be polled next week.

## MacKay Seeded No. 1 In Clay Courts Test

CHICAGO (AP)—Barry MacKay of Dayton, Ohio, Thursday was seeded No. 1 ahead of his U.S. Davis Cup teammate, Bernard (Tut) Bartenz of Dallas, for the National Clay Courts Tennis Tournament starting Monday.

The tourney in suburban River Forest, was won last year by the 32-year-old Bartenz for the third time. It features the complete current U.S. and Australian Davis Cup teams.

Naturally, everyone knows that Babe Ruth hit more home runs in a single season than any player in baseball history. His total of 60 in 1927 never has been equalled. But, which major league player holds the all-time record for number of runs batted in in a single season? Ruth? Foxx? Williams? Musial? Kiner? Sorry, friend, if you guessed any of these or many other famed players of today and yesterday . . . you missed the boat. The answer . . . in 1930, Hack Wilson of the Chicago Cubs had 190 R.B.I.'s . . . a record that still stands.

Speaking of records . . . why not drop in and join the fun when the gang at The Cas Tailors' starts talking about sports and other favorite topics. You'll enjoy the food and drink, too, and the relaxed, pleasant atmosphere. Remember, you'll find us (and your other friends, too) at the corner of N. Mechanic and Valley Streets.

## International Goes Back To Jersey City

Columbus To Play Jerseys Tonight

JERSEY CITY, N.J. (UPI)—International League baseball bounces back to Jersey City after a 10-year layoff Friday when the transplanted Havana Sugar Kings meet the Columbus Jets.

Now called the "Jerseys," the Havana club has been moved from Cuba through courtesy of Fidel Castro's anti-American campaign and concern for the physical welfare of U.S. players.

The Sugar Kings franchise was transferred to Jersey City last week by league President Frank Shaughnessy. The last International League team to play at 25,000-seat Roosevelt Stadium was the Jersey City Giants, who went out of business circa 1950.

The return of minor league baseball to Jersey City culminates an enthusiastic campaign by Parks Commissioner and former Mayor Bernard Berry. His efforts reached a high spot in the 1957 and 1958 seasons when the old Brooklyn Dodgers played a few of their regular season games at Roosevelt Stadium.

The Jerseys are due to fly into Newark Airport from Miami Friday. They will get a motorcade to Jersey City and a parade through town.

## Foytack Is Placed On Disabled List

DETROIT (UPI)—Paul Foytack, veteran righthander whose only win of 1960 came in the first week of the season, was placed on the disabled list Thursday by the Detroit Tigers.

The move was made to make room for rookie Phil Regan, a 22-year-old product of Wayland, Mich., who was summoned from Denver of the American Association after posting a 9-3 record with the bears.

Regan will report to the Tigers Friday, his first crack at a big league job.

Foytack has been idled off and on this season by arm and back ailments. He presently has a sore shoulder and must spend at least 30 days on the disabled list.

He won 14 games last year with Detroit, but was beaten seven times this season and his lone win was a 12-4 decision over the Chicago White Sox April 24.

## Beaman Survives Wichita Tourney

WICHITA, Kan. (AP)—Two favorites were ousted and three others barely squeaked through the second round Thursday in the Men's Trans-Mississippi Golf Tournament.

Survivors by margins of 2 and 1 were Deane Beaman of Bethesda, Md., last year's British Amateur titleist; Labron Harris Jr., Oklahoma State player from Stillwater; and Jacky Cupit, Houston University.

Juan Estrada of Torreon, the Mexico Amateur champion and medalist John Garrett of Houston were eliminated from the 57th annual tournament.

Third baseman Don Hoak has played in every Pirate game so far this season as has shortstop Dick Groat. Hoak, however, is working on a personal consecutive game streak, having played in the first 80 games this year and all 155 in 1959, for 235 consecutive games at third.

## Martinsburg, CCC Golfers Meet Sunday

Locals Will Seek 8th Straight Win

The men's golf team of the Cumberland Country Club will be shooting for its eighth consecutive victory when it plays its third straight match of the season away from home Sunday with the Martinsburg (W. Va.) Country Club linksmen.

In the first three matches of the season played here, the triple C team beat Hagerstown, 47-13; North Fork of Johnstown, Pa., 19-17; and Preston Country Club, of Kingwood, W. Va., 25½ to 1½ points.

Away from home, the locals have edged Maplehurst, of Frostburg, 34-32; and Kingwood, 25½ to 9½.

The seven match winning streak includes the last two matches of the 1959 season. Last year the CCC team swept the series with Martinsburg, 27 to 7½ points and 21 to 15 points.

A Mixed Scotch Foursome Tournament will be held today at the Cumberland Country Club.

## Bucky Bolyard Will Play With Cleveland Quint

CLEVELAND, Ohio (UPI)—Former West Virginia University guard Bucky Bolyard Thursday became the third former Mountaineer to sign with the Cleveland Pipers of the National Industrial Basketball League.

Center Lloyd Sharrar and forward Willie Akers had signed previously.

The Pipers still hoped to get the services of WVU All-American Jerry West who has indicated he may join the professional ranks.

The five-foot-11-inch Bolyard will be the shortest member of the Cleveland squad. His size is offset, however, by his speed and shooting ability.

Bolyard has achieved basketball stardom despite the loss of one eye in a childhood accident.

He compiled a shooting average of 48 per cent, one of the highest ever compiled by a guard, and completed his college eligibility at the end of the 1958-59 season.

## Bad Day For Fishing

DUNCAN, Okla. (AP)—Two men may not think any future fishing trip worth the bother. First W. C. Knight dropped his rod and reel overboard. Later they got stuck on a sand bar and one of them got wet pushing the boat free. Then angler T. L. Hooper dropped his eye glasses overboard.

The only members of the present Pirates to have competed in a World Series are third baseman Don Hoak and outfielder Gino Cimoli, both as members of the Brooklyn Dodgers. Hoak was in the 1955 Series and Cimoli in the 1956 Series.

United Press International  
NEW YORK (UPI)—The list of "moderns" who figure to make baseball's Hall of Fame some day simmers down to a tight little group headed by rapid Robert Feller, one-time wonder of the Cleveland Indians.

Among the All-Stars cavorting at Kansas City and New York this week only Ted Williams of the Boston Red Sox and Stan Musial of the St. Louis Cardinals have achieved Hall of Fame stature and the way things are going even they may have a long wait.

Feller, who retired at the end of 1957, is the first to become eligible for election and is rated a sure-pop choice to make it.

## Canada, U. S. Netmen Meet

Davis Cup Play To Start Today

QUEBEC CITY (AP)—Bernard (Tut) Bartenz and Barry MacKay Thursday were named to represent the United States in Friday's two opening singles matches against Canada in first round play of the American zone Davis Cup competition.

Bartenz, 32, from Dallas, will oppose Bob Bedard, a Canadian Cup veteran. Bartenz, the assistant captain, is rated No. 2 in the U.S. for his 1959 play. Alex Olmedo, the No. 1 man, has turned pro.

MacKay, a power player, will face Canada's Don Fontana in the other opening day match in the best-of-five series. MacKay is ranked No. 3 among the U.S. players.

Premier Jean Lesage of Quebec made the draw for the matches. The doubles will be played Saturday and the two concluding singles matches Sunday.

The other members of the U.S. squad are Earl Buchholz of St. Louis and Chuck McKinley of St. Ann, Mo.

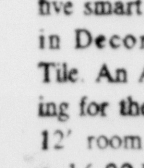

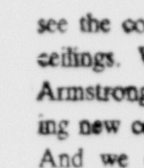

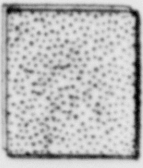

The winner of the U.S.-Canadian series will meet Mexico in Mexico City Aug. 6-7-8.

## Duliba Is Through Pitching This Year

ST. LOUIS (AP)—Relief pitcher Bob Duliba could make a complete recovery but will pitch no more for the St. Louis Cardinals this season, team physician Dr. I. C. Middleman said Thursday.

Duliba suffered five rib fractures, a head cut and concussion in an automobile accident in which three persons were killed Tuesday night near Columbia, Mo.

## Beagle Is Sidelined

SANTA CRUZ, Calif. (AP)—An ailing right knee sidelined former Navy All-American end Ron Beagle at the camp of the Oakland Raiders Thursday and cast doubt on his future with the pro football club.

Beagle underwent surgery on the knee last year to correct a cartilage and ligament injury. It began bothering him shortly after he opened workouts with the new American Football League club.

**Say Japan Arming**

TOKYO (UPI) — Communist China described a Japanese plan to develop the rocket industry on Thursday as a "step aimed at nuclear armament of Japan."

Peiping criticized a report submitted Tuesday to the Japanese Defense Agency urging Japan to push development of missiles and the electronics industry. The Communists said the "munitions industries" were behind the move.

When the United States battleship Massachusetts was built in 1940, about 100 tons of paper was used in its construction — 16 tons for blueprints alone.

cars as it has a 4 cylinder en-  
gine with a 4 speed forward  
transmission that gives you 30 to  
35 miles to a gallon of gasoline.  
It has forced hot air heater and  
defroster, electric wipers, signal  
lights, foam rubber seats, hy-  
draulic clutch and brake. It is  
ideal for a second car in the  
family or for the boy or girl that  
will be going to school. We have  
this very economical car priced  
\$200 below top book value, at  
only

# DAILY CRYPTOQUOTE — Here's how to work it:

## AXYDLBAAXK

### is LONGFELLOW

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

### A Cryptogram Quotation

## Chicago Grains

CHICAGO (UPI)—Wheat held steady but other grains lost fractions on scattered selling Thursday on the Chicago Board of Trade. Dealings were slow.  
At the final bid, wheat was unchanged at 1½ to 1½ cts; oats 1½ to 1½ cts; corn 1½ to 1½ cts; soybeans 1½ to 1½ cts.  
Wheat futures closed steady after a small advance was erased by increased selling. Scattered commission and mill purchases aided the market. Hedge sales were light and centered mainly in the March and December deliveries.  
No export sales of wheat were reported. However, Brazil is expected to buy about 4,500,000 bushels of hard wheat from the U.S. and India and Pakistan are also expected to be in the market soon.  
Corn was slightly lower. Large elevator interests bought in September and July while export houses took September. Selling was mixed.  
Clear weather prevailed over the corn belt but temperatures were cool and reports said the crop was still backward. The United Arab Republic and Britain bought a total of nearly 20,000 tons of corn.  
Oats were quiet and easier. Liquidation was lighter than in previous sessions, and futures found a scattered demand.  
Rye reacted with other grains.  
Soybeans weakened under the influence of lower oil and meal prices. Northern houses sold early. Spreaders changed July at September and July and November contracts. Denmark reportedly bought 12,000 bushels of beans.  
The local office of the CCC sold 50,000 bushels of soybeans overnight.  
Outside market for soybeans mixed. Kansas City wheat futures were strong.

# Mayor To Urge Early Action On New Budget

Wants Levy Set Before Deadline

Mayor J. Edwin Keech said yesterday he would like to see budget talks started next week. He said he will ask the Council on Monday to begin thinking on the subject so the 1960-61 levy can be set before the August 25 deadline.

Mayor Keech said decisions should be made as soon as possible and before city officials begin vacations.

He said he believes most department heads know something about the budgets they plan to request.

Not too much can be done on the levy until all budgets are in.

The actual budget deliberations each year turn into trimming budget requests down to expected income which is limited by the amount of surplus, expected income from state-shared and local sources and the tax levy which by law cannot exceed \$1.25.

Arthur B. Gibson, city auditor, said the surplus will be about the same as last year, or about \$196,000.

He added that it will take a surplus of that size to provide about the same budget as last year, when \$1,849,510 was levied to provide city services and to pay principal and interest on the city's general debt.

The new budgets will have to include automatic changes in job classification brackets which will boost the pay of city workers.

Mr. Gibson said the increases will not be too great, as new workers beginning at the bottom of the scale will about balance the higher pay older workers will get under the classification plan.

Mr. Gibson said the tax base might make possible a one-cent drop in the tax rate, to \$1.55.

Incidentally, if no more general bonds are sold, tax rates might take a drastic drop in 1977.

With the present tax base, Mr. Gibson said, 1 1/2 cents on the tax rate would be needed to meet bond requirements that year.

# Rain Hampers Beginning Of Canal Hike

Heavy rains hampered all but the spirits of two local youths who left here early yesterday morning for a hike along the entire length of the C & O Canal.

The 15-year-old hikers, J. Bradley Hughes and Larry Brock, hit the towpath yesterday at 5:30 a. m. after spending the night at the Western Maryland Railway station.

Slowed by heavy rains, the lads called from Mexico Farms for some dry clothes. They resumed the hike after a change of garments and reached Oldtown about 5 p. m.

The clothes will be dried and mailed to Hagerstown, where they will stop to pick them up. Original plans called for hiking about 34 miles to Lock 60, just beyond Paw Paw, on the first day.

The rain changed the plan and arrangements were made to spend the night in a Paw Paw home which they were scheduled to reach by 9 p. m.

The hikers plan to be in Washington in seven days, one day less than it took the Justice Douglas party to make the trip back in 1954.

# Ike Signs Bill For Harpers Ferry Park

WASHINGTON (UPI)—The Interior Department was authorized under legislation signed by President Eisenhower Thursday to purchase additional land to expand the Harpers Ferry National Monument in West Virginia.

Estimated cost of the acreage, now held in trust by Storer College and other private owners, was placed at \$300,000.

Mr. Payne, a member of the Front Royal Kiwanis Club, has taken an interest in the camp here since 1949, when he was lieutenant-governor of the Kiwanis Ninth Division embracing area Maryland and Virginia clubs.

# Truck, Cars, Roadhouse In \$15,000 Crash

A tractor-trailer truck, four automobiles and a roadside tavern were involved in a spectacular collision early yesterday morning on Bedford Road, causing an estimated \$15,000 in damage.

The accident occurred about 2 a. m. in the parking lot of the State Line Inn, a tavern located just north of the Pennsylvania-Maryland line on U. S. Route 220.

State Police at Bedford, Pa., said the tractor-trailer ran off the highway into the parking lot and crashed into four cars, three of which were pushed into the side of the tavern.

Ray Heishman, 31, of Baker, W. Va., told police he drove his truck into the parking lot when he saw a car parked in his lane of traffic as he was headed north. The trucker said he was unable to go around the parked vehicle to the left because a car was coming in the opposite direction.

Police said when the truck ran into the lot it struck four parked cars. Three of the cars hit by the truck were pushed into the side of the State Line Inn, causing damage amounting to \$1,000.

The owners of the parked cars were identified by the Pennsylvania police as George Crass, 713 Arundel Street; John Blake, Allegany Street; Gene Keister, Cresaptown, and a taxi cab owned by the Astor Cab Company.

Police said Heishman will be charged with operating his truck too fast for existing conditions.

# SRC Named In Equity Suit Here

An equity suit seeking a court decree of clear title to a 4.729-acre tract along the southerly side of U. S. Route 40 in LaVale has been filed by LaVale Center, Inc., a Maryland corporation, against the State Roads Commission.

The new LaVale A&P Store was built on a portion of this acreage. LaVale Center Inc., through its attorney, William H. Geppert, states in its bill of complaint that the SRC has notified it that the agency will use 146 feet of the southerly portion of the tract for the Cumberland Thruway project. The SRC alleges that this property was acquired by condemnation.

The bill of complaint contends that LaVale Center Inc., was not a party to condemnation proceedings over the southerly portion of the 4.729-acre tract. This property was acquired by the corporation from Paul C. Owens by deed dated July 24, 1959.

Mr. Geppert adds in the bill of complaint that the corporation had intended further construction of buildings on the tract but was informed by the SRC that no further improvements should be made.

# Officer P. K. Gilpin Is Home On Leave

# Youths Get Suspended Jail Terms

Four Eckhart youths yesterday were given suspended sentences in Juvenile Court in connection with a series of nine breaking and enterings of Eckhart stores.

Magistrate Louis A. Fatkin heard testimony in the case on July 6, but withheld sentences in the case until yesterday. Magistrate Fatkin found Harold F. Scarpelli, 18, guilty of contributing to the delinquency of minors and sentenced him to two years in the House of Correction. However, the sentence was suspended and Scarpelli was placed on parole for two years.

Three juveniles were given suspended terms in the Training School for Boys and also were placed on parole.

At the hearing on July 6, another boy involved in the case was found guilty of being a delinquent minor and was placed on limited probation.

The youths were arrested by Sgt. William F. Baker and Tfc. Milton Hart, criminal investigators for the Maryland State Police.

When the boys were questioned by police following their arrest, they admitted their part in nine breaking and enterings of three Eckhart business establishments since last September.

# Aerial Ladder Truck Is Back In Service

The Cumberland Fire Department early last night put its aerial ladder truck in service after a new motor and clutch assembly was installed.

Fire Chief Virgil Parker said work on the installation began at 8 a. m. and was completed at 7:30 p. m.

He said the work was completed under the direction of Lt. Harold McDonald, the department's master mechanic. The truck was purchased about 11 years ago.

# Playground Swimmers Get Certificates

65 Children Pass Red Cross Tests

During the first session of the City Recreation Department's swimming program, 65 children from six playgrounds passed Red Cross tests for beginner and intermediate swimmers.

Red Cross cards certifying successful completion of the tests were presented to the successful candidates from Ridgedale, Mt. Royal, North End, Centre Street and Mapleside playgrounds after two weeks of instruction under Recreation Department instructors at the Constitution Park pool.

C. Eugene Mason, city recreation director, said the following children passed the tests for beginner swimmers:

Leslie Smith, Kim Keith, Paullette Sheehy, Barbara Hankins, Shireen Stern, Wendy Geatz, Charles Bolinger.

# Pass Swim Tests

Diane Stoolmeyer, Danny Doan, Charlene Grubb, Carol Gravenstine, Rosemary Dombrsky, Gary Valentine, Steve Hidey, JoAnn Minke, Randy Lewis, Lynda Witt.

# Three Allegany Teachers End Education Service

Three Allegany High School teachers with combined service to public education of 120 years have retired effective July 1, according to Superintendent of Schools Ralph R. Webster.

They are Harold C. Wickard, 16 Helman Drive, LaVale, chemistry and physics teacher; Miss Janet T. Anderson, 293 National Highway, LaVale, ninth grade social studies teacher, and Miss Margaret E. Baker, 313 Greene Street, who taught world history and economics.

Mr. Wickard, best known as "Barney" to his friends, has maintained interest in dramatics ever since that day 40 years ago when he began his teaching career at Bruce High School in Westernport. The retiring chemistry and physics teacher has directed at least 145 plays in the past four decades.

His interest also spread to community productions as he directed a number of local talent dramatic ventures that were presented on the stage of the Maryland Theatre. Just last November, he directed the Elks Club's presentation of "Oklahoma," staged in the Allegany auditorium.

A native of Cumberland and a 1917 graduate of Allegany, Mr. Wickard received his B. S. degree in chemistry from Washington College on the Eastern Shore. He did graduate work at Johns Hopkins University and obtained his master's degree from the University of Maryland.

His first two years as a teacher were spent at Bruce High School. Then from 1922 until 1927 he was an Allegany High School teacher. During the 1927-28 year he taught at Towson High School in Baltimore County. After that one year outside his home county he returned to Allegany in the fall of 1928 and remained there for his final 32 years as a teacher.

One of eight 33d degree Masons in the Cumberland area, Mr. Wickard is secretary of Scottish Rite and was potentate of Ali Ghan Temple in 1950.

A native of Allegany County who was born in Frostburg, Miss Anderson was graduated from Frostburg State Normal School and the University of Maryland. She has done graduate work at Columbia University, Johns Hopkins University and the University of Maryland.

Miss Anderson began her teaching career in 1915 at McCoolle School. She later taught at Central Junior High School, Lonaconing; Union Street School, Greene Street Junior High School from 1926 until 1936. She has been on the Allegany faculty

# Hearing Set Today In Entry Attempt

A local man will be given a preliminary hearing today in Trial Magistrate Court on charges resulting from an attempted breaking and entering of a Mt. Savage tavern.

The man, George Lester Beeman, 59, of 605 Virginia Avenue, was arrested early yesterday morning by State Police and is being held in Allegany County Jail.

Beeman was arrested by Troopers Thomas E. Ruppert, Richard J. Graham and B. J. Chabot. They said he was attempting to force a window at the Ruffo Tavern in Mt. Savage. Beeman was questioned yesterday afternoon in the state's attorney's office and a statement was taken by County Investigator Edwin R. Lilya.

# Tawes Favors Johnson For No. 2 Spot

By LOUIS G. PANOS

LOS ANGELES (AP) — Gov. Tawes Thursday night expressed belief a Kennedy-Johnson ticket would be "all right for Maryland."

The governor apparently was surprised by word that Sen. John F. Kennedy, the Democratic presidential nominee, had picked Sen. Lyndon B. Johnson as his choice for a running mate.

Like many delegates to the Democratic convention, Tawes had expected the choice to be between Sens. Stuart Symington of Missouri and Henry Jackson of Washington.

Symington would be an excellent choice for the ticket in Maryland," he had said shortly before Kennedy's announcement that he wanted Johnson.

The Missouri senator spent much of his boyhood and youth in Maryland and was the first choice of State Senate President George W. Della and House Speaker Perry O. Wilkinson for the presidential nomination.

They didn't have a chance to vote for him, however, because Kennedy's triumph in the Maryland primary bound the delegation to him as long as he stayed in the running.

"In my opinion, the Maryland delegation should find Sen. Johnson also a good choice for the vice presidential nomination," said Tawes. "I think Johnson is all right for Maryland."

The governor spent the entire day in the Biltmore Hotel, convention headquarters. A physician who accompanied him to California said his daily examination showed the 66-year-old Tawes, who recently underwent an abdominal operation, in good health. Tawes, like most of the others in the 71-member Maryland delegation, planned to leave for home Sunday.

# City Seeks Bids For Paving Streets

# Lewis Jailed In Default Of Motor Fines

Driver Fined \$250 In Three-Car Crash

Thomas Lewis Jr., 35, of Wiley Ford, yesterday was committed to the County Jail for 75 days in default of fines for three motor vehicle violations in connection with a three-car accident Tuesday on Oldtown Road.

Magistrate Paul W. Barnett found Lewis guilty of reckless driving, operating a vehicle on a revoked license and failure to remain at the scene of an accident.

Lewis was fined \$100 on each of the first two charges and \$50 on the last charge. Magistrate Barnett ordered Lewis committed for 30 days in default of each of the two \$100 fines and 15 days in default of the \$50 fine.

In connection with the same accident, John Snyder, 49, Akron, Ohio, was fined \$25 and costs by Magistrate Barnett for permitting an unauthorized person to operate his car.

Lewis was driving Snyder's car when it struck another auto occupied by Louis V. Shinnamon and his wife, Mrs. Hazel Shinnamon. The other car involved in the collision was driven by Harold M. Shroud, 31, of Oldtown.

The accident occurred on Route 51 near Oldtown when the car operated by Lewis struck the Shinnamon car, causing Mrs. Shinnamon to sustain a badly lacerated right arm. She is still a patient in Memorial Hospital.

Tic Willis Foreman of the State Police said Lewis, who was traveling at a high rate of speed, attempted to pass Mr. Shinnamon going east and struck the car operated by the local businessman.

The Shroud vehicle, headed west, was damaged at the right front fender.

Assistant State's Attorney Donald W. Mason prosecuted the case for the state, and Lewis and Snyder were represented by Earl E. Manges, local attorney.

# Pike Firemen, Auxiliary Will Elect Queen

A queen will be selected in connection with the Baltimore Pike Volunteer Fire Company's fun festival August 13.

Members of the fire company and its auxiliary will choose the queen from among nine girls, members of the company's junior auxiliary, the Teen-Age Fireettes. The firemen will vote at their next meeting Monday night at the fire hall. The auxiliary will vote at its meeting July 27.

The festival will be held from 2 p. m. August 13 until sometime in the evening.

There will be games, booths, refreshments and entertainment. The ladies auxiliary will serve a ham and chicken supper from 4 to 7 p. m.

The Teen-Age Fireettes will operate the six booths of games.

A highlight of the festival will be a talent contest, for which entries are still being sought. The firemen stressed that the contest is open to anyone and is not restricted to persons living in the area served by the fire company.

Deadline for entries in the talent contest is July 27. Prospective contestants may register by telephoning Mrs. Velm a Gnegy at PA 2-8259.

The festival committee, on which the company, the auxiliary and the Fireettes are represented, will hold its next meeting at 9 p. m. July 27 at the fire hall.

Donald Ware is general chairman of the festival.

# Four Hurt In 3-Car Crash

Four persons were injured yesterday afternoon in a three-car collision at the intersection of Paca and South Smallwood streets.

The accident occurred when a car operated by Mrs. Virginia Lawrence, 39, Rawlings, collided with a car being driven on South Smallwood Street by Louis Johnson, 651 North Mechanic Street, and then struck a parked car.

Mrs. Lawrence was treated in Sacred Heart Hospital for abrasions, as were Louwanna Twigg, 6, and Sherry Lee Bodkin, 15, both of Rawlings, who were riding with her.

Mrs. Joseph Decker, 50, Brad-dock Road, an occupant of the parked car, was X-rayed in Memorial Hospital and released.

Officer John H. Sticher, who investigated, said the accident occurred at 2:55 p. m. during the rain. He said Mrs. Lawrence is being charged with failure to observe a stop sign.
